He said he did not contact the FBI for the reason on a previous occasion he had notified their office that Oswald was handing out what he assumed to be pro-communist literature in front of the International Trade Mart, New Orleans, and the FBI had given him the cold shoulder.

Carlos said he had called at our office previously and had been interviewed by SAIC Rice.

On 11-30-63 Agts Counts called at the Leon Israel Office Co., 300 Magazine St., City, and interviewed Mr. Milton J. Muth, Vice President. He said an agent from the FBI had previously interviewed Mr. A. J. Hidell, Personnel Manager, concerning the alleged former employment of Oswald by this company. The records failed to show that Oswald had ever been employed there or even submitted an application. Mr. Muth could not say if a check had been made in the name of Alek James Hidell or A. J. Hidell.

On 5-9-63, when Oswald had made application to the New Orleans Public Service for gas and electricity for 4907 Magazine St., he furnished his employer's name as Leon Israel Co., 300 Magazine St., City.

On 11-30-63 a call was made to the Falstaff Brewing Co., 2601 Gravier St., City, phone 524-7171. This company does not have any records to show that Lee Harvey Oswald was ever employed there.

With Agt Counts on 11-30-63 called at 4903 Magazine St. to interview the occupants as they reside next door to the apartment formerly occupied by Oswald and his wife. The residents, Mr. & Mrs. Alex Jones, were not at home. A daughter stated they would return here later in the day and she furnished their phone number as MU 9-4382.

Later during the day Mr. Jones was contacted by phone. He stated that the only persons he had ever been visit Oswald was someone for radio station WNOW, New Orleans, in connection with a debate that Oswald took part in. He said an unknown woman driving a blue station wagon bearing Texas plates had apparently moved Oswald and his wife into the apartment at 4907 Magazine St. He said this same woman had returned at a later date and moved Oswald's wife and child. He said that either three or four days after Oswald's wife moved, Oswald apparently moved during the night, as no one saw him after this.

Mr. Jones said this would have taken place during the latter part of September, 1963.

He said he had met Oswald on the street several times and had told him hello, but Oswald had never replied. He said that Oswald's wife was friendly and polite even though she did not speak very much English.

Mr. Jones said he and his wife had often commented that Oswald apparently did not believe in doctors or medical treatment for his wife, who was pregnant at the time, for the reason there was never any indication that his wife contacted a doctor.

With Agt Counts on 11-30-63 called at 5101 Magazine St., City, and interviewed Mr. Jimmy Nguyen, owner of a combination grocery store and bar. The bar does business under the name of Jimmy's Bar and the address for same is 5101 Magazine St. Mr. Nguyen stated that he recalled both Oswald and his wife. With reference to the wife, he said she seldom bought more than a loaf of bread and on occasion, she would buy one lemon.

He said on one occasion, during the day, Oswald [illegible] the bar and asked him to turn the television set on so he could watch a [illegible]. He said he told Oswald that he did not turn the set on in the day time. [illegible] Oswald became angry and left the bar. He was unable to furnish any additional information [illegible].

Mr. Nguyen stated that on 11-23-63 two Cubans, [illegible], came to his store. The man said they had seen him previously and [illegible] and the man remarked that he did not think Oswald was guilty of killing the President. He said he did not think it was right that Oswald had gotten killed. According to Mr. Nguyen the men were very nervous and both of them finally walked out of the store. He described them as follows:

Cuban male; 20; 5-7; 110; dark hair
Cuban female; 18; 5-9; about 4 months preg[illegible]; long hair

He said he had never seen this couple before and [illegible] not seen them since. An office card was furnished Mr. Nguyen and he was requested to contact this office should he see either of them again.

During the week of Leon Cockrell, FBI, called at our office and it was mentioned to him that when time permitted we intended to check the following leads:

The Pickwick Club, an Oswald supposedly told Marina Oswald, Crescent City Garage, New Orleans, that he had filed an application at the [illegible] and felt that he would be hired.

Charity Hospital, New Orleans, as it was felt Mrs. Oswald would might have applied there for free medical care in view of the fact she was pregnant at the time.

Interview Philip Corsci III, 2201 Green Acres Rd., as he supposedly had a short conversation with Oswald in the store of Carlos Marcello.

Oswald had lived for a few days with an aunt, Mrs. Murrett, at 757 French St., City, phone [illegible]-4326, check with a confidential source to determine the LD phone calls made to and from this phone number during the period 5-1-63 to the present time.

Attempt to identify and interview a person who appeared to be a Japanese male, who appears in pictures taken of Oswald, Charles Steele, and an unknown third man, possibly an associate of Oswald.

He said as they had more manpower they might chase these leads before we got to them. He promised to notify me of the results if they did not get to them first.

On 11-30-63 he advised that the records of Charity Hospital, New Orleans, had been checked and there reflected that on 6-3-63 Lee Harvey Oswald had made an application for medical care for his wife but his request was then denied for the reason he had insufficient Louisiana residence.

He also advised that a contract at the telephone company had informed his office that toll records prior to 7-6-63 had been destroyed. The source had furnished a list of LD phone calls made from or to MUnter 8-0326, which is as follows:
