[illegible],

I have [illegible] [illegible] have been [illegible], Bishop on JFK.

[illegible], dubious a source as he is, the only other being Manchester, who tends to make Bishop a bit respectable, I want to quote one thing from him, Burkley on the autopsy at Bethesda, a bonded-lace explanation to Bishop on what was once all-i returning to JK.

[illegible] [illegible]. [illegible] these words, [illegible] [illegible] [illegible] [illegible] [illegible].

[illegible] [illegible], please [illegible] [illegible]. [illegible] the page(s) will [illegible].

Hope not too much trouble. I'm at that point in writing now and embarrassed that the tape seems to have been loaned.

Either go if you know a better source?

Thanks,

MF
