#### Anti-Communist Federation

An organization, to be known as the American Federation Against Communism, was started last night at a meeting of more than one hundred leaders of patriotic groups and societies at the Hotel Iroquois, 49 West Forty-fourth Street. A constitution was adopted calling for the organization to be national in scope to fight the spread of communism in the United States. Mrs. Elizabeth Dilling, of Chicago, was named first vice-president. The presidency was left to be filled at a meeting on November 9.
