Milton Solomon Seeks Adherents

in Americanism Program

Organization of the American Jewish Federation to Combat Communism and Fascism, a non-profit membership corporation with headquarters at 170 Broadway, was announced yesterday by Milton Solomon, former Kings County commandet of the American Legion and past national patriotic instructor of the Jewish War Veterans of the United States.

The new group was inspired, according to the announcement, by a patriotic address by Governor Lehman in Brooklyn last Constitution Day.

Admitting that a "small percentage of Jewish citizens" adhere to communism, Mr. Solomon added: "Because of the vociferousness of this minor element, an impression has been created that a much larger proportion of American Jews has been impregnated with the Communist poison."

Members of the new organization will be sought from religious, fraternal, civic and veterans' organizations, as well as in schools and colleges.

Associated with Mr. Solomon as incorporators are Henry Modell, treasurer Smaller Business Association for New York, New Jersey and Connecticut; Sidney G. Harnett, grand keeper of records and seal, Knights of Pythias, New York State; Benjamin E. Greenblatt, commander Rugby Post, American Legion, and Jack Brevda, past Kings County executive committeeman, American Legion. All are veterans of the World War.
