

MRS. ELIZABETH DILLING. The author of *The Red Network* is also author of *The Octopus*, a peculiarly low collection of anti-Semitic lies. Her mimeographed bulletin, mailed to thousands, slanders the Russian and Chinese people and American enemies of Hitler. Mrs. Dilling believes this is a "Jewish war," and would like to see Roosevelt impeached. She was one of the first founders of the various phony "mother" groups which worked for Hitler by attempting to spread disaffection among American soldiers in camp.
