Mr. J. Turner 770 Acequia Madre Santa Fe New Mexico.

My Dear Mr. Turner:

I have before me your valued letter of the 12th, and in reply beg to advise:

This organization "United American Patriots" has been organized for about three years. We are now working in every state of the Union, and for the purpose of stamping out Communism and those subversive elements who are trying to undermine the U.S.Government, as well as trying to destroy the home, the Church or any form of religious worship, and to bring upon the American people a Dictator.

We have been organizing in Gallup lately and have an organization there of about two hundred good men. This organization you understand, is Non-partisan and Non-sectarian. We believe that the matter of a mans politics and his religion is his own business.

This organization works in co-operation with our Department of Justice, with the Immigration Department, and in co-operation with the intelligence service. We maintain our own secret service as well and we are keeping a close check on the activities of the Communist organization. The Communists not only are organized in each and every branch of the American Federation of Labor, but are organizing within our federal Government as well. They are organizing in our Army, Navy and air forces, are organized at each port of entry to the United States, are in practically every college and University in the United States, and teaching our youth revolution and Communism. They advocate the overthrow of our National Government and the establishing of a Dictatorship in America who is subject to Red Russia.

These are just some of the things we would like to be able to explain to you, and will try and see you as soon as possible and go more fully into the matter.

Will ask that you write me as soon as you receive this, and address me at Gallup % Saunders Hotel. Would like to hear from you this week as I am going to Trinidad next.

Should you care to write me in Trinidad, will ask that you address me there % P.O.Box 122

My State headquarters as you will note from the heading of this letter is P.O.Box 102 Albuquerque, however I am there little of the time and will ask that you address me as above stated.
