The American Jewish Congress publishes this Digest of the anti-Semitic and anti-Democratic Press as a public service to acquaint leaders of opinion in the United States with the agencies which are endeavoring to destroy the efforts of our country to win the war and to establish a new world order based on freedom for all mankind. It is hoped that the information imparted in this Digest will serve as a warning and a basis of action to circumvent the purposes of these enemies of Democracy.

## MORE CARROT JUICE

William Kullgren, Carrot Juice King of Atascadero, California, is still issuing his astrological periodical, "The Beacon Light." Mr. Kullgren's planets have a strong proclivity for forecasting pro-appeasement and pro-Axis views whenever he charts them. His stars have a strange habit of sniping at the Roosevelt Administration. Kullgren's planets, whose identities are a scientific mystery, can always be relied upon to champion the native fascist and appeaser. Kullgren's planets are doing business with Hitler! In the current June, 1942 issue of "The Beacon Light," Kullgren reports "The Lunation of June 13, 1942." This is how Kullgren sums up the movement of the planets within their own spheres:

"And to sum it up, I would say there is a tremendous undercover sentiment in favor of peace; but the average individual is afraid to express his sentiments. Revelations at Washington have had a very bad effect on the morale of the nation; many are beginning to perceive that the country was engineered into war, and the shocking disclosures of the Administration's plans, and that the winning of the war is of secondary importance to their social program, have come as a shock to the nation. And so the peace indications of this chart will find many who were decidedly warlike three months ago, who now have considerable doubts."

But Kullgren isn't through by any means. He is now charting another star of distrust. Let us look over his shoulder and read:

"Regarding the conflict in Europe, I am still of the opinion that Germany and Russia should fight until exhausted; and that would have happened, had we stayed out of the picture. However, I still believe there is a secret agreement between Russia and Germany."

For many months Kullgren has utilized a phrase coined by himself, "The Synagogue of Satan," to discredit the Jews or anyone sympathizing with the Jewish cause. So, Kullgren warns his readers:

"The Synagogue of Satan is in full control here, as abroad; and the sorrow and suffering from war will awaken our people to a spiritual realization. The modern prophets have preached for years on the necessity of housecleaning and regeneration; but it never caused a ripple. If the nation had heeded the voice of the prophets, this war would not have happened."

In Kullgren's estimation, such anti-Semites and pro-fascists as the Reverend Gerald B. Winrod, Mrs. Elizabeth Dilling and C. Leon de Aryan, are the "modern prophets." Their voices have constantly asked Americans to sweep out members of the New Deal and prominent anti-fascists in government posts on the grounds that they were "Communist-Jews." To Winrod, Dilling, de Aryan and Kullgren, the false accusation that Jews and Communists are really one common noun is more than a debating point; it is a selling point. Kullgren sells his wares via the planets.

For one complete page, Kullgren reviews the "crusading" records of Mrs. Dilling, the Reverend Winrod and C. Leon de Aryan. In conclusion he states:

"Would to God we had more De Aryan's. We need them, just as we need more Elizabeth Dillings and Gerald B. Winrods. Of course, there are many others in the field whom I have mentioned from time to time. It would take too long to enumerate them all. Right now Mrs. Elizabeth Dilling and De Aryan are having an especially tough time. If these two go down it will be a tragic loss to this Republic."

Several editions ago of this DIGEST, a review of Dr. George E. Sullivan's "THE ROAD TO VICTORY" was published. Paragraphs were cited to show that this was a viciously anti-Semitic book, despite its apparently patriotic title. William Kullgren, still focused on the stars, has this to say in a book review:

"This is one of the most remarkable books that ever came to my desk. First the author is an attorney of note in Washington, D. C. Therefore he is a trained thinker. This book belongs with 'The Talmud Unmasked,' 'The Octopus' and 'The Roosevelt Red Record.' My review will be brief because elsewhere I am printing a more detailed account from the pen of Gerald B. Winrod." (No such reviews appears in the June, 1942 issue. - DIGEST note.)

Of course, every reviewer has a literary license to interpret any work as he deems fit. What Kullgren has found in Sullivan's book is startling. He does not document his review, but the following is enlightening, in the view that the DIGEST does not recall seeing it in his edition:

"Not only is Sullivan a lawyer; he is a Roman Catholic. In this book he shows how the Jews are controlling the Roman Catholic Church. Briefly, he boils down all subversion and brings you back to its source, namely the Talmudic Traditions which Christ condemned so strongly almost two thousand years ago.

"Of course, our Jewish friends will not like this. I do not see why, for all the author has done is to analyze their teachings, which is certainly an indication of his fairness to them. We all know that the greatest condemnations of the Jews are from their own mouths. And Sullivan brings it down to just one issue, namely, a religious war. The Christian Bible versus The Talmud. The Synagogue of Satan against Christ. Yet some of you 'holier than thou' so-called Christian organizations and leaders, like Pilate, self-rightously wash their hands of the whole business and tell us in their next breath that they are going to set up the New Order.

"Perhaps some of us who have shed our heart's blood in this cause will have something to say to them about that. If you are a follower of Christ, you can not be neutral. You are either with Him or against Him, and if you are with Him you will take the proper stand regardless. . . . It is a MUST book. It is worth its weight in gold to a real Christian."

Getting back from a book reviewer to astrologer, Kullgren has a meteoric flash:

"Neptune in the 11th, and with 4 planets adverse to it, indicates that Congress is beginning to realize the enormity of some of their past acts; they are beginning to see the fruits of some of the vicious laws they passed, the billions of dollars they voted without due thought and consideration. They are beginning to review the vicious Wagner Act because the actions of labor in conjunction with the Administration will show them that it can have only one end, namely, bankruptcy for the middle class -- the employer, the manufacturer, the backbone of the nation. But the Wagner Act does not stand alone; they will begin to perceive the 'must' legislation of the President, with the capstone of the lend-lease bill, means the end of the American way of life. The people already perceive it; and Sun, Moon and Mercury adverse to Neptune indicates that the people are conveying that information to their representatives in Congress. Congress is panicky, and you may expect to see sudden deaths of members of that body; and though it may never be announced as such, there will be suicides of Congressmen. The news will be camouflaged, and announced to the public as sudden heart attack.

"Rest assured, as I stated in the January number, the New Deal can not afford to have an election this year; and the voters will need to be on guard."

Not only will there be elections this year, but Kullgren's fascist colleague, C. Leon de Aryan of San Diego, California, has already announced his candidacy for Congress. Kullgren predicts death for Stalin in July. It must be remembered that according to Kullgren's past calculations President Roosevelt and Prime Minister Churchill were to die a few days apart. The death was to take part in a disaster, if memory serves us, sometime two months ago. Once again, Kullgren charts Churchill's stars as predicting:

"I do not think Churchill will remain in the saddle throughout the summer."

Kullgren makes an attack on President Roosevelt and compares our Chief Executive with Hitler.

"It is for you to do your duty as a citizen. Bombard your Congressman with demands. Let them know that you are the ones to give orders and not the President."

Kullgren's stars shine for the Axis sniping line. Kullgren's stars are still doing business with Hitler's brand of defeatism. They are still doing business with Hitler!

#### APOSTLE OF HATE

Edwin P. Banta is an office attache of Mrs. A. Gressy Morrison's "American Women Against Communism." On June 13, 1942, he wrote a letter to anti-Semite Charles B. Hudson of Omaha, Nebraska, which read in part:

"What a shock it must be to the descendants of the STAR OF DAVID to see ALL traffic signal lights in the Five Boroughs of Greater New York being changed, for the duration, from the full red and green circular lights, about 6 inches in diameter, now to show A RED OR GREEN CROSS, for or against traffic. This change is made in the DIMOUT idea, but the use of the CROSS is the work of our Engineering department of the N.Y. POLICE, so the Jews can be reminded that this is a CHRISTIAN NATION. I hope every avenue of publicity will be made use of to propagate this event."

Charles B. Hudson, associate of Mrs. Elizabeth Dilling, and an anti-Semite, pro-Axis writer in his own right, reprinted Banta's letter in "AMERICA IN DANGER!" a Hudson medium for anti-Semitic and anti-democratic tirades. Hudson added his own brief comment to Banta's missive:

"The Police of USA well know that the first to be liquidated in the event of a 'take-over' by the Synagogue of Satan-- Organized Jewry-Intl. Finance--thru 'Revolutionary' tactics, are the Policemen."

On November 5th, 1941, William Kullgren, editor of "The Beacon Light", also found one of Banta's letters noteworthy of reproduction. Banta, after charging that the American branch of the Communist Party was composed of "outcast Jews", went on to say:

"I charge President Roosevelt and satellites his cabinet, in Congress and the Senate are selling out the American Constitutional form of government for a dictatorship."

When the Bund newspaper "Der Deutscher Weckruf" first came into existence, Banta wrote for its earlier editions. He has told a CONGRESS Research investigator that he was "gathering" material on the Bund at the time. Nevertheless, Banta's record is not as innocent as it would seem. He once told an inquirer over the telephone that "Any friend of Mrs. Dilling is a friend of ours." Mrs. Morrison and Mrs. Dilling have often worked together on their "Mother" projects for Peace.

One of the functions of Mrs. Morrison's group, and one in which she is assisted by Banta, is smearing the Federal Council of Churches of Christ in America, the greatest Protestant church organization, as a "Communist front."

In the latter part of 1938, Mrs. Morrison's name appeared as sponsor for a rally in honor of Major-General George Van Horn Moseley. The latter was once regarded by pro-fascist groups as its "Man-on-the-Horse"--or, Dictator-to-be. Others listed with Mrs. Morrison were: Allen Zoll, notorious anti-Semite and at present under indictment for blackmail; John E. Kelly, a paid writer for pro-Franco periodicals; John B. Snow, pro-appeaser, who only recently was relieved of the responsible position with the USO because of his pro-Axis views; and John Cecil, who helped foster the Fascist movement in this country at its very early inception.

Banta is the one responsible for the statement that Allen Zoll, at present believed to be a fugitive from justice, is actually a member of the Canadian Signal Corps.

Banta is a former literary associate of imprisoned Nazi agent George Sylvester Viereck. Both of them worked on a series of articles for Liberty Magazine on Communist Activities. Banta once was a witness before a sub-committee of the Dies Committee. His testimony it appears was not important enough for the regular session of the Dies Committee itself. Banta has often boasted that Representative Joe Starnes was sympathetic to Banta's cause, and that the former and not Martin Dies should be the Committee's chairman.

Banta has written to the Brooklyn TABLET several times and signed himself a member of the Christian Front.

#### PERSONALITY PARADE:

Joseph E. McWilliams, leader of the Christian Mobilizers, was arrested on June 13, 1942, in a Chicago Loop rooming house by the F.B.I. for failure to report to draft officials his new residence address. McWilliams' bail was set at \$1,500 on the following Monday. The Yorkville Nazi threatened to enlist in the United States Army in order to evade any further toss and tumble with the law. To date he has not enlisted. At the time he was seized he had a cut on his finger which required two stitches. He refused to allow it to be attended to, however, except by a "non-Jewish" physician.

Charles B. Hudson, in his June 9th, 1942 "AMERICA IN DANGER!", uses Kullgren's "Synagogue of Satan" liberally throughout his text. He also refers to "The Octopus" and Dr. Sullivan's "The Road to Victory" for "confirmation" of statements. Hudson has just read "The Jewish Examiner" and remarks:

"Under 3rd caption you read a London JTA dispatch that the Polish Premier, Gen. Sikorski, as Pres. of Conf. of Allied Govts which pledged itself to post-war vengeance against Nazis guilty of terrorizing the population in occupied countries, issued a statement declaring that all Allied Govts deplore the Nazi crimes against Jews and will hold the perpetrators responsible for them, addressed to British Section of World Jewish Congress.... Jewry considers only Jews as 'people'--all others only 'cattle'. Get it?"

Frankly we don't. No such inference was made anywhere regarding the status of minorities in Europe by any responsible Jewish leader. However, what is far more important is the CONGRESSIONAL RECORD reprint of two speeches by the Hon. Roy O. Woodruff, attached to "AMERICA IN DANGER!" In the speeches the "internationalists" and the Roosevelt Administration's foreign policy are sniped at and abused. The speeches were made on Monday, April 27th, 1942 and May 5th, 1942. Why Hudson was chosen as a messenger to deliver these speeches only the Washington Grand Jury can ascertain. In addition to the RECORD inserted in the "AMERICA IN DANGER!" mailing, we are also given a sample of a mimeographed letter entitled "SAVE OUR REPUBLIC", which was addressed "To the Honorable Members of Congress", and which was signed by Miss Lucy S. Stewart of Evanston, Illinois. Miss Stewart chides the Administration for being on the road to "totalitarianism". Writes Miss Stewart: (June 6th, 1942).

"Patriotic Americans are eager to win the war and win it speedily. The Pearl Harbor and other disasters since then, the lack of protection to our coastal shipping in spite of the desire of civilian aviators anxious to patrol shipping lanes, the lack of control of strikes in production plants, the lack of preparedness in general, cause a vast uneasiness in the minds of patriots lest the Administration, while urging an 'all-out' policy for others, is not fully backing up the people in their efforts to win the war."

Miss Stewart finds that recent restrictions by the War Production Board and the Office of Price Administration are totalitarian. Miss Stewart finds a recent conference of Christian ministers at Wesleyan University "anti-pathetic to everything that America has stood for as a Nation." And what does Miss Stewart find so alarming? Only certain resolutions:

"We remind you of the Congress of just two of them: 'Strong immediate limitations on national sovereignty'; and 'World-wide freedom of immigration.' Are you and other Americans asleep that such treasonable schemes flourish while patriots are subjected to smear campaigns such as has recently been directed against one of your own Members, Senator David L. Walsh, by those some of whom are prominent in a race that has found this land a haven."

Miss Stewart elaborates later on when she reminds her Congressional audience that they are sworn to protect various interests:

"To protect Americans from the racial prejudices of certain powerful Semite groups, the need for which is evidenced by the 'smear' attack on one of your own Members; and

"To protect Christianity, which the President says is threatened, by giving Christians an equal part with anti-Christians in the affairs of our supposedly Christian Nation.

"All these we pray that you do, to the end that our involvement in the great war, against the will of 80% of the people, shall not be used as an excuse to crush the liberties of the American people; and so that, when our boys return from fighting against totalitarianism abroad, we may be able to say to them: 'We, too, have fought a good fight and have kept the faith.' The United States is still a Republic!"

Miss Stewart then addresses a brief note to those "Americans who receive this message" and recommends that they inform themselves by subscribing to such periodicals as: "The Congressional Record", Charles B. Hudson's "America in Danger!" and Charles W. Phillips' "The Individualist". The latter two are anti-Semitic and anti-Democratic.

The additional material attached by Hudson to his regular bulletin is an announcement of "prophetic" books distributed by William Kullgren.

Gerald L. K. Smith: told an audience at Cass Technical High School, Detroit, Michigan on April 9th, 1942:

"We will drive the boondogglers and the bureaucrats out of Washington. We want to win this war for America. We are not going back in the British Empire. The way to shut up Gerald Smith is to outlaw the Communist Party and put Lindbergh in the President's cabinet."

Then he continued:

"This is the darkest hour in American history. Drive out the stupidity, the politics, and bureaucracy that is disgracing our country....There were no airplanes for our boys in the Philippines, but there were planes for Russia, and there were planes for England."

Smith is running for the United States Senate on the Republican primary ticket. In his June, 1942 issue of "THE CROSS AND THE FLAG" he states:

"I am defending the friends of Father Coughlin, who have been bulldosed, manhandled and abused by a set of ruthless Communists."

Smith is getting the support for his public office campaign from Garland L. Alderman, head of the viciously pro-Axis so-called "National Workers League". Alderman is under indictment in Detroit on formal charges of sedition. In the June 10th issue of the National Workers League's "NATIONALIST NEWSLETTER" it is said:

"Information reaches us that officials of the NWL are not the only nationalist leaders who are now being worked on by paid character assassins. G.L.K. Smith has been added to the list the past week. The master mind behind this bestial act appears to be, as far as Detroit is concerned, a well known, rich, communist, Detroit Jew."

Hedda Hopper: movieland commentator for the Patterson-McCormack syndicate, in her column published June 22nd, 1942 in the New York Daily News comments:

"'Twill ever be a mystery to me why we get foreign directors to do pictures like 'The Man on America's Conscience'. Now, Bill Dieterle is fine. He did a swell job with 'Dr. Ehrlich's Magic Bullet'. But when he's directing with a heavy German accent, people like Lionel Barrymore, Noah Beery and Ruth Hussey, who are as American as apple pie, and talking about the Bill of Rights, it just doesn't make sense."

The men who carved the original destiny of this nation were of foreign stock. They came to these shores from England, Spain and Holland to build for themselves homes free from religious and political persecution. Their accents were strange and varied, but their purpose one; liberty and the pursuit of happiness. They wanted this ideal not only for themselves but for their posterity. They, like Austrian Bill Dieterle, came to this nation as refugees from tyranny and oppression. The fathers of Washington, Jefferson and Franklin had British and Scottish accents. Haym Solomon had a Polish accent. Lafayette had a French accent. Hamilton had a West Indian accent. But all of them helped to inspire the Bill of Rights. They alone knew the price of freedom and the meaning of the Rights of Man. They had felt the whip. They had the scars of oppression. They were best fitted to formulate the Magna Carta of the New World.
