# N.Y. Party's Fuehrer Examined for Sanity

JOSEPH McWILLIAMS

NEW YORK, Sept. 19 — Warts humiliation which could be heaped on an aspiring Fuehrer—to have his head examined—was ordered today for Joseph McWilliams, who learned public speaking on WPA and is now the Jew-baiting top man of the noisy, fascistic American Destiny Party. McWilliams, staggered by his defeat in yesterday's primary (he ran on the Republican ticket for Congress, polled a mere 674 votes) was arrested on a disorderly conduct charge, committed to Bellevue Hospital for observation.

The magistrate recalled McWilliams has "called himself a Presbyterian, a Campbellite and a Mohammedan."

"He has been a member of the Christian mobilizers," the judge continued, "marched side by side with Fritz Kuhn of the German-American Bund." The judge described him as "self-centered."

Samuel Nisman, button manufacturer, who brought charges said McWilliams screamed at one of his meetings:

"What kind of Government do you think you have?"

"A sheeney Government," chorused Destiny followers.

"You have learned your lesson well," shouted McWilliams.

Thereupon, according to Nisman, the crowd began to shout, "kill the Jews!" Usually McWilliams and his followers use the word "Eskimo" for "Jew."
