More Ammunition Found in Christian Front Drive

By United Press

NEW YORK, Jan. 19—United States Attorney Harold M. Kennedy announced that another 450 pounds of machine gun ammunition had been found at the apartment of one of the 17 members of the Christian Front Sports Club held under \$50,000 bond each on charges of conspiracy to overthrow the Government.

The ammunition and an ammunition belt, Mr. Kennedy said, were in a closet at the apartment of William Gerald Bishop, described as a leader of the club. Persons in the building were questioned but no more arrests were made, Mr. Kennedy said.
