Dear Friend:

The increasing popularity of the "Digest of the Anti-Semitic and Anti-Democratic Press" has brought numerous requests from new readers. Because of the nature of our service, we must now survey our mailing list to ascertain those who should continue to receive the "Digest."

In addition, the expanding work of the Commission to Combat Anti-Semitism requires changes in the format of the "Digest" to make it more valuable in the vital campaign which we are waging. The "Digest" will now appear in more convenient form, and will report on a broader scope of activities than hitherto. To achieve this, and to give us time for revision of our circulation list, we shall schedule our next issue for May 1st instead of April 15th.

If you wish to continue receiving the "Digest," please inform us to that effect by return mail. Otherwise we will drop your name from our mailing list on the assumption that you have lost interest in the "Digest." If you reply stating that you wish to continue receiving the "Digest," will you include your comments as to its present effectiveness, and make suggestions for improving its value?

In answering, please identify yourself and the organization with which you are connected.

Cordially yours,

MAXWELL MILLER

Dear Mr. Miller:

Thank you for your letter of April 17.

I would very much regret it were you to discontinue sending the "Digest." I read it very carefully for the valuable information contained in it and I also keep a file of the "Digest."

In answer to your question, I am not affiliated with any organization. I am a writer, and I find the "Digest" valuable in my work.

May I say that I am glad to hear you are expanding your work. It is important work and, while you have done it well, I am glad to hear that you are going to do it even better.

Cordially yours,

Harold Weisberg
