TO FRIENDS OF CHRISTIAN CRUSADE:

You and I both know that the Communists are winning World War III without firing a single shot or losing a single soldier, and in every crisis, the reds are using YOUTH to do their dirty work.

One of our most important projects is the training of youth to assume leadership on their campuses "for Christ and against Communism", to offset the traitorous efforts of Marxist youth. During June, July and August, we conduct six two-week Seminars at our own Summit Hotel, Manitou Springs/Colorado Springs, Colorado, allowing Christian youth, ages 13 and 14 and above, to attend.

We are certain that if we can get Christian youth to the Summit, we can instill a love for God and Country in their hearts to the extent that they will be able to resist the liberal brainwashing in our schools this fall. We have seen the fantastic results the Summit has on a great majority of the youth who attend.

CHRISTIAN CRUSADE IS THE ONLY NATIONAL ANTI-COMMUNIST GROUP THAT TRAINS TEEN-AGERS AND COLLEGE YOUTH ALL SUMMER LONG IN CHRISTIAN ANTI-COMMUNIST LEADERSHIP! For this reason, we ask our conservative friends to put the bulk of their support in Christian Crusade during the summer months. Fully half of the young people who come to the Summit cannot afford to pay their own way (\$100 for two weeks, including room, board, tuition and textbooks). But, we have never turned a boy or girl down. They are all welcome if they have a will to learn.

How can you help? Well, it's simple. (1) Throughout the summer, send contributions to Christian Crusade earmarked for the training of youth at the Summit. How about today? (2) Choose some young people from your family, church or community and send them to the Summit for one of the sessions. (See application enclosed...additional available). (3) Vacation at the Summit...sit in on the lectures...counsel and advise the young people with words of encouragement and the example of your Christian life.

Please let me hear from you immediately. If America doesn't elect Christian leadership this fall and if our laws are not enforced against the lawless youth, this could well be our last summer training youth "for Christ and against Communism".

Sincerely,

*Bill James Hargis*

MY NAME IS LINDA CAMP AND I AM FROM HAYNESVILLE, LOUISIANA. I attend the First Baptist Church there.

After attending the Summit, I can truthfully say that the two most enlightening and educational weeks of my life were spent there. Every phase was covered that is necessary for the future generation to know how to maintain order, understanding, and above all, a free democratic nation which was the hope and dream of our forefathers.

We had a concentrated study of the Scriptures, God's Holy Word. We learned of the ever-present danger of communism. To fight communism, one must know communism -- know your enemy. We were taught the origin of communism, its tactics in warfare, its countless ways of persuasion by propaganda, its faith, but most important, how it is directly and indirectly affecting our lives every day -- how it is gradually taking away from freedom-loving, God-fearing people, the rights and principles upon which our great nation was based.

The students were given a class on American principles. We were made more aware of the importance of knowing the greatness of the American heritage in combating communism. You have to know what you are fighting for or your will to resist will reduce to zero.

Also included was a class on public speaking. Students leaving Christian Crusade must be able to express what they have learned to others in a manner which will awaken others to the importance of what we have to say. It is of utmost importance to tell others of our experience or the trip here would be useless.

Other than classroom study, we had active sports which not only helps body coordination and strength, but it helps one to learn how to cooperate.

Our teachers at the Summit are the most qualified and caring instructors one could hope to find.

*In closing, let me add that I have gained such an inspiration from attending the Anti-Communist Youth University. As for myself, I have acquired a closer relationship with God -- something which I feel is matchless in importance in seeking Christian Americanism for God and Country.*

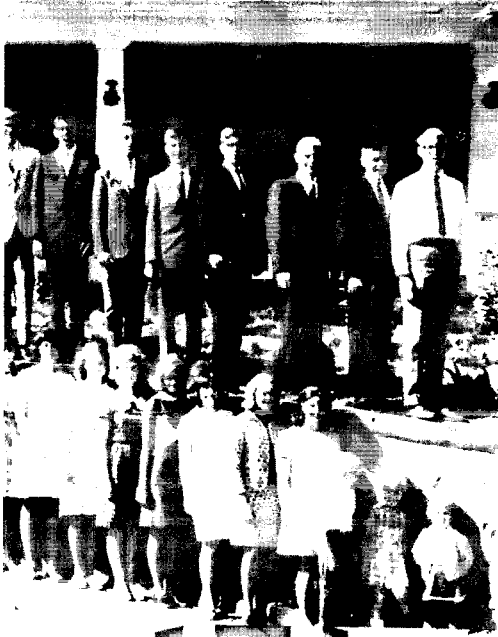

MY NAME IS BRENDA BEACH. I am 17 years old and from Oklahoma City, Oklahoma. There are some things which are indescribable in the human language. What the Summit has done for me is one of these. I couldn't begin to put into words what the Summit has done for me, but I can say that it has opened my eyes to a lot of different things that before I had taken for granted. I only hope and pray that through what I have learned at this session I can better my life and others for God and my country.

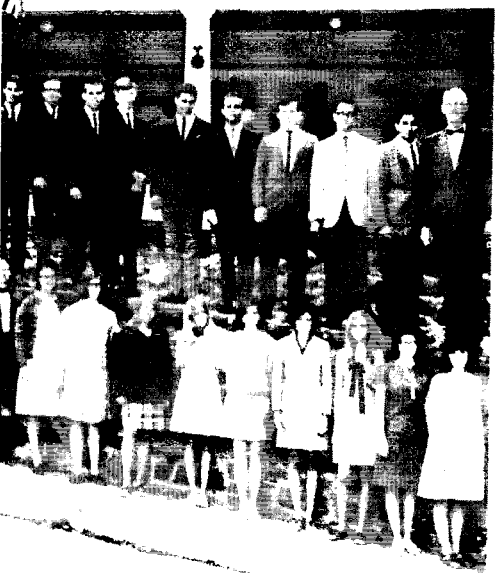

I AM A 16-YEAR OLD FROM OAK PARK, ILLINOIS. My name is Philip Grem. After having completed this two-week course, I am shocked and sickened by what I have learned. Communism is like a pathogenic germ, investing and preying off the weak and unsuspecting. Unlike other diseases, we know the cure for communism; that cure is a knowledge of the evils of communism and a conservative approach toward it. Through patriotism, communism can be destroyed. Communism, by necessity, must be wiped completely off the face of the earth. One cannot say that this is cruel and unfair because communism is so anti-human and anti-Christ that it deserves no mercy.

MY NAME IS JENNY ROWLAND AND I AM 15 YEARS OLD. I live in Galena, Ohio, and attend the Sunbury Church of Christ. I have thoroughly enjoyed my two weeks' stay at the Summit. The fellowship with students and faculty has been a spiritual and mental blessing I shall never forget. Through the course of each and every day I have become better acquainted with the tactics the communists are using to destroy my country. Also, I have gained a greater love for my God and Country.

MY NAME IS JEANNE COMEFORD AND I AM FROM WAUWATOSA, WISCONSIN. I am 14 years old and I go to a Roman Catholic Church. During this session at the Summit I have found the true facts about the United Nations, the National Council of Churches, folk music, rock 'n' roll music, Vietnam, my country's history, and above all, our Christian heritage and the Bible. *To my knowledge, there is no place in the United States that can help Christian youth so much.* I have gained a greater love for my country and I have realized my responsibility to fight against communism -- for God and Country!

I AM WAYNE LUTTON, 18, OF EVANSTON, ILLINOIS. With America's basic institutions in a state of liberal-communist decay, our nation's youth are in need of Christian, Constitutional leadership training.

Nestled at the foot of Pikes Peak, amid the splendor of Colorado's Rocky Mountains, lies the Summit -- Christian Crusade's Anti-Communist Youth University. Urgently needed instruction, in two-week sessions, is conducted in the fields of Economics, History, Speech and the dual evils of socialism and communism. Not only are young Americans provided valuable training in Christian anti-communism, but they are also permitted to enjoy the majestic beauty of the Rocky Mountains region.

The result is a greater appreciation for the principles which have made America great and the realization that eternal vigilance is the price we must pay for our God-given liberty. *I would recommend that youth interested in living in the Land of the Free and the Home of the Brave attend the Summit and become a leader in the crusade dedicated "To Christ...and Against Communism".*

I AM GILBERT GARCIA, A 16-YEAR-OLD JUNIOR IN HIGH SCHOOL. I attend the Friendship Center Baptist Mission in San Antonio, Texas.

Before I arrived at the Summit, I laughed at my friends who tried to make me see the real threat of communism. I would always say to myself, "Man! It can't happen here! This is America!!" How wrong I was!

*These two weeks at the Summit have awakened me. I now realize for the first time in my life, the real threat of communism. My heart now has a message to tell!!*

There is a disease known as cancer. This deadly disease creeps into the body unnoticed. It eats away at your body little by little, piece by piece. When it is finally exposed, it is too late -- the body is doomed. Likewise, with communism, this disease creeps into mind, body and heart. It eats away at the foundations of our country unnoticed. When it is finally exposed, it is too late -- the country is doomed.

## VITAL FACTS...

**LOCATION...**The Summit University is located at the foot of Pike's Peak in Manitou Springs, Colorado. Manitou Springs, only six miles from Colorado Springs, is nestled among the mountains and the beautiful pine trees...an unexcelled combination of study and learning.

**TRANSPORTATION...**Colorado Springs, six miles east of The Summit, is served by two major airlines, railroads and bus lines. Students will be met in Colorado Springs by appointment. Major highways 24, 5, 67 and 115 serve Manitou Springs and make The Summit easily accessible by automobile.

**COST...**Room, board and tuition for two weeks at The Summit is only \$100.00. The only extra expense is for personal expenditures the student elects to make. Insurance is available for \$1.00 and a class lecture may be purchased for \$1.00. Some spending money is advisable.

**SCHOLARSHIPS...**There are scholarships available for those students who are financially unable to pay for their own tuition. Application for scholarships should be made immediately to YOUTH UNIVERSITY DEPARTMENT, Box 977, Tulsa, Oklahoma 74102.

**NOTHING...**School clothes (including skirts, blouses, dresses and sweaters for girls) are to be worn during classroom lectures and labs. Slacks and Bermuda shorts can only be worn during picnics, sports and hiking. One outfit suitable for "dressing up" will be sufficient. Sweaters and warm clothes for evenings are advisable. Blankets, sheets, pillow or bedrolls are necessary.

**CLASS SESSIONS...**Mornings, afternoons and evenings are used for classroom work. Notebooks, pencils and pens are necessary. Some organized sports events will be held on Tuesday, Thursday and Saturday to break the long hours of study, and relax the students. Scholarship services are held.

**CREATION AND SIGHTSEEING...**The student is given adequate time to enjoy the beauties of Colorado. Seven miles, Cave of the Winds, Garden of the Gods and other tourist attractions are readily accessible. One Saturday

## LOVE AND PEACE, SUMMIT STYLE

My dictionary defines "summit" as "the topmost level yet attained or attainable." Certainly nothing could better describe the influence, atmosphere, and curriculum of the Christian Crusade Youth University at the Summit Hotel in Manitou Springs, Colorado.

When our daughters, Denise and Diane, were awarded scholarships at the University we soon discovered that the Summit, nestled in the heart of Pikes Peak Playground, could solve our family vacation dilemma. Obviously one vehicle would be inadequate for the six of us and all our gear so the four young Evers piled into the Volksbus with the folks in the small car and our family caravan headed east. A walkie-talkie system, contrived by Dennis, our 13 year old inventive genius, kept us in touch—we quickly discovered that being able to electronically tune out the children is the ultimate in travel pleasure!

When we reached the Summit, it was love at first sight. Majestically this stately old edifice topped with a white cross, looms over Manitou Springs. 'Twas a home away from home, for checkered tablecloths and wicker rockers are my cup of tea—the "mod" and garish leaves me cold. If accommodations pleased us, to be sure the fellowship with all those wonderful Summiteers was to be among our most cherished experiences.

At the Summit we found Love and Peace—that love which God commands that his children have, one for another; that peace which can be found only in the hearts of men who walk with God. Scripturally, no two words are used more reverently or profoundly. It is by no means an accident that the hippies and peaceniks have made daily headlines of these words, for their atheistic peers planned it that way. Recently a "love-in" took place in a mountain village near San Diego during which unspeakable degeneracy and perversion were rampant; the stench of marijuana and assorted foul odors was oppressive. According to County Sheriff Joe O'Connor this week-end foray cost the taxpayer an estimated \$20,000. Simply imagine the strides that could be made in promoting love and peace, Summit style, with this sum of money!

### NON-SECTARIAN COURSES

Founded in the summer of 1962 by Dr. Billy James Hargis, the Summit Youth University since that time has averaged about 35 students a session for six 2 week courses each summer. In this setting of unexcelled beauty for

a course in Christian Americanism the total cost per student is just \$100.00! Scholarships are offered for worthy candidates. Non-sectarian in nature, students representing Catholic and Protestant faiths alike come from every corner of the nation including Alaska.

The Dean, Rev. David Noebel, and a qualified staff provide intensive instruction in such subjects as the Bible, American History, The United Nations, and Communist Influence in Religion. The daytime studies are enriched with nightly films, after which the students congregate at the Snack-Bar to conclude each tightly scheduled day that started with a 7:00 a.m. bell.

An enchanting balcony provides guests the opportunity to sit in on classes. Your writer confesses to having learned more during these sessions than at any other conservative conclave. First of all, the Summit is extremely well organized; furthermore, the behavior of all those wonderful kids was exemplary (these traits do not characterize most conservative functions.) David Noebel is just the right combination of intellect and nice fellow—he commands respect and maintains control noiselessly. We shall best remember him, however, for his ability to realistically relate contemporary politics and events to the Scriptures.

How do the students feel about the Summit University? Judging from two weeks of close observation my conclusion is that they love it. We asked the class president, Reuben Reveles of Amarillo, Texas in what manner he felt that his attending Summit University would affect his future. His reply: "This course has convinced me that my ambition to play professional baseball must be sacrificed so I can return to Mexico when my education is complete and work with an effective group to combat atheistic Communism."

Today in the United States, to satisfy the needs of their vastly expanded program the Communists are operating a complete educational system to educate young people in Marxist-Leninist concepts. What, other than the excellent program at the Summit, have we to offer as an antidote to this youth-poison? The trend must be reversed or our doom is sealed. How is it that the Communists appear to have more confidence in the words of Proverbs 22-6 than Christian patriots?

"Train up a child in the way he should go and when he is old he will not depart from it."
