

*"All the earmarks of Revolution are present in the U. S. today." – BILLY JAMES HARGIS*

October, 1968

Dear Concerned Christian Friend:

An authority has stated that all the "EARMARKS OF A TOTAL REVOLUTION" are present in America today!

Richard H. Sanger, on behalf of our government, has studied and analyzed at firsthand, insurrection and revolt in a half dozen countries. According to the *U.S. NEWS*, Sanger admitted: "The evidence is that we are now in a transition...we are passing from mere nuisance demonstration over civil rights and the Viet Nam war to SOMETHING MUCH MORE VIOLENT AND DANGEROUS...the ingredients are here...insurrection and open revolt can happen here!"

Mr. Sanger says that there is an alarming similarity between the United States today and Algeria, Kenya, Cuba, Angola and the Congo...before the Red tide hit!

Only an alerted Christian citizenry can avert total revolution in this country! And, we don't have time to ponder this possibility...we must act, and act now to avert total catastrophe for our country!

### THAT CHICAGO REVOLUTION!

The five anarchists that led "that Chicago Revolution" have been called over and over again... RED RATS! The five leaders of the street rioting during the Democratic National Convention were described by Mayor Richard Daley as having "been involved in many recent mass disorders extending from Berkeley to Columbia to the Pentagon...the outline shows travel to Communist countries, draft evasion and disregard for orderly processes of dissent".

The five "Red rats" are Rennie Davis, Tom Hayden, Abbie Hoffman, Jerry Rubin and David Dellinger...the best examples of hoodlums and subversives this 20th century can produce.

It was this motley crew of revolutionaries that tied up the Chicago convention and gave America a black eye before the world. Senator Russell B. Long called them "the communist scum of the earth", and their followers "hard core communists, draft dodgers, scum and human trash...they smelled to high heaven and they were waving that Viet Cong flag." He added what could well be the sentiments of most Americans..."I'm sick of seeing these young scum covering their yellow bellies with the cloth of humanitarianism."

I don't know **why a liberal Democrat**, or for that reason, a liberal Republican, should get over-excited about "that Chicago revolution." After all, they have advocated "civil disobedience" since the advent of Martin Luther King and his racial revolution. Chicago was nothing but a massive display of "civil disobedience." This is what the liberals have been condoning and advocating for years.

According to Mayor Daley and the Chicago police, among the weapons used against the police August 25-30 were "cellophane bags of human excrement; cans of urine; rocks; bricks, dart guns; golf balls with nails impaled therein; potatoes with razors hidden inside; live black widow spiders, etc. etc."

This "confrontation" with the National Guardsmen and Chicago Police was a "leadership school" for the young Communists and left-wingers present there, who will now spread out all over the United States to attempt the same thing on college campuses and cities across the nation.

#### THOSE SHAMEFUL T.V. NETWORKS

In our "Tulsa Daily World" of September 3, an Associated Press article carried this headline: "LETTERS BLAST TV FOR CHICAGO ROLE." Television networks admitted that their offices are being flooded with protests from the American people, for the unfair coverage of "that Chicago revolution." To the TV networks, the kids were not communists and hoodlums...they were "sweet kids", "flower children", and "concerned youth." There is now talk in Congress of a full scale investigation of the TV networks, which I feel is long overdue.

As you know, Mayor Daley's request for "equal time" from the television networks to tell the Chicago policeman's side of the story, was denied by the "objective" and "fair" networks... ABC, NBC and CBS.

In an article which appeared in the otherwise "left-of-center" *CHRISTIAN SCIENCE MONITOR*, author Richard L. Strout said..."The news media of the city (Chicago) may be indicted for inciting of violence. The mildest parade of young people brings a TV crew like a hook-and-ladder truck to a three alarm fire. Any youngster who will denounce the authorities finds himself surrounded by a ring of extended microphones. The press has talked so much about violence it has a vested interest in violence. It will look silly if it doesn't get it. This is a case where the "medium is the message!"

One of the liberal Senators, Gale McGee, admitted that he saw a TV camera crew lead two hippie girls over to a line of National Guardsmen, then photograph the scene while the girls obligingly screamed "Don't beat me! Don't beat me!"

And according to an undercover policeman, one of the "Red rat" leaders, Jerry Rubin, boasted that the networks advised him where their cameramen would be, so that he could plan his activities accordingly.

#### "THAT CHICAGO REVOLUTION" WAS WELL STAGED

Six months before the Convention was held...FBI Director J. Edgar Hoover warned the American people exactly what would take place in Chicago. On February 23, 1968 before the House Subcommittee on Appropriations, Mr. Hoover disclosed the following:

"Recently, various New Left groups, militant civil rights activists, subversive organizations have formulated plans to stage a massive demonstration in August, 1968, at the National Democratic Convention in Chicago, Illinois. During the early part of February, 1968, representatives of the Students for Democratic Society, the National Conference for New Politics and the Communist Party, U.S.A., met in Chicago to make plans for coordinating both black and white groups in the united activity at the National Democratic Convention. Communist Party officials have indicated they are willing to supply funds..."

I have a growing fear that "that Chicago Revolution" was merely a dress rehearsal for something bigger scheduled this fall or early next year. No matter who is elected President of the United States - George Wallace, Richard Nixon or Hubert Humphrey - these revolutionary forces will not be stopped without wholesale police restraint and legal action. The present administration has proven that it is incapable of restraining these revolutionary forces or enforcing the laws against rioters, looters, insurrectionists and subversives.

### HUMPHREY ADVISOR IMPLICATED IN RIOTS

In Mayor Richard Daley's press conference at which time he requested television time from the major networks (which was not granted), the Mayor released the report from the police department concerning the police raid, which was made on the last Friday of the Convention, on the 15th floor headquarters of Senator Eugene McCarthy in the Conrad Hilton Hotel. The report said the National Guard commander requested police to clear a room, Number 1506A, because pedestrians, police and military personnel on the streets below were being endangered "by many objects being thrown from the two Michigan Avenue windows of this room." The police report indicated that the suite, including rooms 1506A and 1505A, was rented to John Kenneth Galbraith, an Economics professor at Harvard University, former Kennedy Ambassador to India, former advisor to President Kennedy, close personal friend and advisor of Vice President Hubert Humphrey, and Chairman of the Leftwing political outfit founded by Hubert Humphrey, Americans for Democratic Action (ADA). It was from John Kenneth Galbraith's room that the flying objects were hurled on the people below. The objects thrown from this room included beer cans, some filled with human excrement, glass ash trays, cocktail glasses, ball bearings and a metal coffeepot.

As more and more news filters down to the American people, we begin to see how monstrous this conspiracy was in Chicago. It is now apparent that the man who will undoubtedly become an advisor to Hubert Humphrey, should he be elected President of the United States, was involved to some extent in this insurrection, as was Eugene McCarthy.

### THE TRUE STORY MUST BE TOLD ABOUT "THAT CHICAGO REVOLUTION"

Realizing that the true story must be told about "that Chicago revolution", Christian Crusade has painstakingly researched the Chicago insurrection by gathering news clippings, press releases, magazines and newspaper stories, wire releases, and all available information so that we can put together the jigsaw puzzle and come up with a decent appraisal of "that Chicago revolution."

We have now completed the research. I have written a new book which is now being printed called "That Chicago Revolution." I have not seen any information concerning what went on in Chicago as complete, thorough and indicting as this book which we have prepared and are publishing.

All of the information contained in this letter, plus 100 times more, is in this book entitled "That Chicago Revolution." I want to rush you as many copies as you can distribute immediately. Frankly, I have run out of money here at Christian Crusade. All of our cash reserves are eaten up. Our income was down in August and again in September. Had it not been for some special gifts which I received from some of our friends at the latter part

of August and the first of September, we would have actually lost radio stations because frankly, we did not have the money to pay the time.

This letter must bring in \$40,000 or we are in serious trouble. Our General Manager has just handed me a list of accounts that must be paid in October. They total over \$40,000.

This is in addition to our regular monthly operating expenses of \$125,000. I wish I knew exactly what to say to motivate everyone to write and send the most gracious contribution they can to Christian Crusade. I know you will do your best. I just wish that I could, in a few lines, express the concern and anxiety that I feel today concerning these pressing obligations coming up in the next few weeks.

You will be glad to know that we received almost 20,000 orders for Gordon Drake's new book combating sex education in public schools, "Is The School House The Proper Place to Teach Raw Sex?" I'm sure we will get as wide a circulation for this new one, "That Chicago Revolution", or even wider circulation, if you will rush to our support.

May I count on you at this time? Will you send a contribution of \$1,000 or more? Will you send a gift of \$500 or more, \$200 or \$100? If not, can you send a gift of \$50, or \$25? If everyone who receives this letter would send \$10 or \$5 or \$4, \$3, \$2, or even \$1, it would put us over the top. Remember, I have a few days to raise \$40,000 and I can't do it without you.

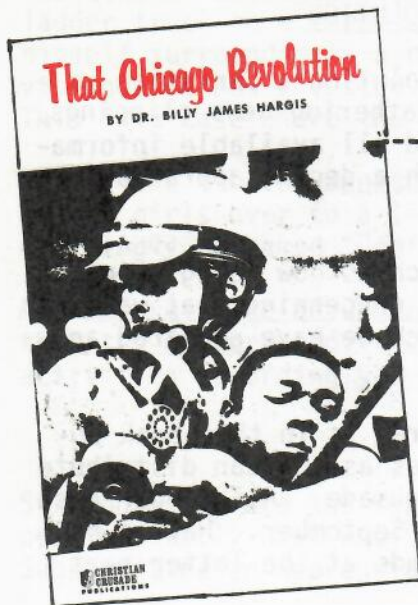

Apparently so many people are involved in this political campaign, they are neglecting to support Christian Crusade. But, please remember this. Christian Crusade will be around after the November elections - that is, if you stand with us now. We have been in this fight "for Christ and against communism" for twenty-one years. We have seen political candidates come and go, but Christian Crusade has consistently moved forward "for Christ and against communism."

Without your support now, I am helpless. As I said, I must raise \$40,000 to pay pressing obligations, essential for the carrying on of Christian Crusade activities. I cannot raise this money without help from you. When sending your gift, please ask for a copy of my new book "That Chicago Revolution." (Actually, you may have one copy for each dollar you contribute, if you desire. Just request it.)

I'm praying for you. I hope that you are praying for me. Let us both pray for Christian Crusade, that God will mightily use it to save our country and preserve the testimony of the gospel.

Yours for God and Country,
