Fascism in Detroit Friday 9/20/40

JOHN Koos, assistant to Harry Bennet at the Ford Motor Company, is a member of an international secret Fascist organization called the "Hetman" which has established a branch in Detroit. Of Ukrainian origin, the "Hetman" was linked to Nazi plans for invasion of Russia. American members are active in spreading anti-Semitism, anti-Labor and Fascist propaganda. . . . Congressman Dies, it is reliably reported, is now in possession of information on the work of the "Hetman" in Mid-Western cities, and will no doubt make it public soon.
