Dear Mr ~~[redacted]~~:-

Your letter dated August 12th has been received and turned over to me for consideration and reply.

It is hard for us to answer all the letters with the same set of questions as our mail for the past year runs into the thousands every week. this cost time and money so I will thank you now for enclosing the stamp.

We feel that our name tells the complete story and we cannot add anything to it. we are strongly Anti-Jewish and pro Nationalistic. we like Hitler believe that the Roman Church should be driven out of our political life and out of State affairs. we also believe that the Roman Church being a Foreign business and political unit that all their property should be taxed and a certain Governmental supervision over their affairs to make them stop bleeding their people of billions of dollars which wind up in Rome.

We are not against the Catholic Church as a Religious unit but as a political organization as that is exactly what it is.

Now the Jews are our greatest menace at this time and they should and will be driven out of our political and economic life otherwise we are doomed just like Russia. the Jews are the PARASITES of the human race. we here in America have the gravest and greatest Jewish problem in the whole world. and within the next year all HELL will break loose in this Country for they are in full control of our Government at Washington. D.C.

Every JEW is a COMMUNIST he is an ANTI-CHRISTIAN and a enemy of every Country where he is just a guest. to learn this just read the TALMUD his bible.

We are Americans first last and always. our plan to to destroy the both major political parties for they are both Jew controlled and organize our own Christian Party electing our own people to all offices no matter how small that office may be or how large.....Sincerely.....Edward James. Smythe.

COMMUNISM WILL NOT BE TOLERATED
