Terramare Office,
Kronenstrasse 1,

Herr H. H. Hoffmann,
Editor,
"News From Germany",
Bavaria, Germany.

Gentlemen:

Dear Mr Hoffmann:

Many thanks for the books on Hitler and the New Germany, they are already out in circulation, I gave them away at meetings I was addressing on the subject of keeping America out of another alliance with Great Britain and France and going to war against Germany.

Many thanks for the copies of "News From Germany" I read them with great care and pass them along into circulation, I only wish that you could see your way to send a bundle of them each time, as so many Americans cherish those of German descent, want to know what is really happening in Germany.

If you writers and newspaper people over there in Germany only knew how angry the American people were for the real news from your country, you would see that this was supplied, from...and about mean German-Americans.

This organization is leading the fight to keep America from an alliance with Great Britain or France and going to war against your country...you can state in your next issue of "News From Germany" that Americans will never fight Germany again, we were suckers if the Berlin War for International Jewry, especially the House of Rothschild, but pray GOD never again.

The American people know that the press over here is in Jew control and that they are being fed a lot of lies, but they don't know how or where to get the truth, I feel that it is your duty over there to get it over to them here.

I would like to visit Germany some time this year, so that I could come back here and tell the American People the truth first hand.

I am leading the fight against Roosevelt and his gang of Jew Communists...they keep fighting them until I drive them out of office 1940, then I feel that under a Republican Administration new and more friendly relations will be treated with Germany, that is the wish of the American Christian people as a whole, I wish that you could convey this to your people through your press.

Roosevelt and his Jew Communist advisers are all through and they know it, 1940 will see them kicked to HELL from public life forever, but the fight goes on, to return this Republic back to the American People (Christian) to whom it rightfully belongs.

Americans love the German people, they are our best citizens and the best law abiding, that is a matter of fact and public record...while on the other hand...the Jew lead in all fields of criminal activity, drugs, dope, peddling, false testimony, political bribery and corruption, smuggling and white slavery...they stand indicted as our worst Citizens, if they are really Citizens at all.

You see Hoffmann, the American people do not know the truth, they are fed a lot of lies and bunk by the Jew controlled press so war, they get a chance to read a paper like "News From Germany" its a relief for them and when they come asking us to save them copies...so send them over all you can, I will pass them out...I will do my share.

Send me any other literature that you have of hand.
Cordially Yours,
Edward James Smythe.

I am before the Un-American Dies Committee August First while they double-crossed the American People and paid out to the enemy.

Cordially Yours,
Edward James Smythe,
Editor and Organizer.

COMMUNISM WILL NOT BE TOLERATED

COMMUNISM WILL NOT BE TOLERATED

Edward James Smythe, New York City, who with 27 other defendants was indicted by a Federal grand jury for conspiracy to lower the morale of the U. S. armed forces, operated out of Washington several years ago with former Air Raid Warden Donald Shea as his associate, The News learned today.

So far U. S. attorneys have been unsuccessful in locating Smythe, the Justice Department admitted. If Smythe is located, he will appear with the other defendants in a mass arraignment in District Court tomorrow.

Smythe is known as the organizer of the Protestant War Veterans and as columnist for "Publicity," Wichita, Kan., publication, edited by E. J. Garner, one of the men indicted. Garner was also indicted by a Federal grand jury in Kansas City on a sedition charge.

HERE IN 1938

Edward Smythe was in Washington in 1938 when the Protestant War Veterans was organized on Oct. 14. Trustees were listed as Edward Smythe, Donald Shea and James T. Bleakely, and headquarters were at Shea's home at 2207 K-st nw.

In a letter over Smythe's signature, written July 28, 1939, on stationery of the Protestant War Veterans, the aims of the veterans were given. The letter was written to the Terramare Office in Berlin, Germany, camouflaged Nazi propaganda office. The letter said "My thanks for the books on Hitler and the New Germany... I gave them away at meetings I was addressing on the subject of keeping America out of another alliance with Great Britain and going to war against Germany."

On April 7, 1939, Smythe and Shea with one Wilson Pumphrey are listed as having organized another of their carefully incorporated groups, the Protestant Chaplains Association with headquarters in Washington.

FRIENDSHIP ENDS

The friendship of Smythe and Shea ended soon after that. In August, 1939, when Smythe was called upon to explain his activities to the Dies Committee, Shea wrote a thumbnail sketch of Smythe's character and attacked him.

When Shea on April 4, 1939, organized the Melville-Community Council and Junior League pledged to "defend and preserve the Constitution, Smythe was not among the founders.

From New York Smythe was now carrying on the work of the Protestant War Veterans. On July 28, 1939, there was a letter over his signature to Herr H. R. Hoffman, editor of "The News From Germany" which had its many, and its circulation in the U. S. It stated: "Americans will never fight Germans again. We were suckers in the World War for international Jewry, especially the House of Rothschild, but pray God never again."

Herr Hoffmann was assured that the American people, and "not those of German descent alone," want to know what is really happening in Germany."

On right is a photostat copy of a letter over Edward Smythe's signature. H. H. Hoffman, Bavaria, Germany. Left, the Terramare office in Berlin is told: "I am leading the fight against Roosevelt and his gang of Jew Communists and will keep fighting them until I drive them out of office 1940."
