

4. Witnesses appearing before the witch-hunt Committee are a collection of stool-pigeons, Nazis, violent labor haters and questionable characters with police records. Every respectable citizen has refused to become identified with the Dies Committee. Mr. Dies' rogues' gallery of witnesses include:

- J.B. Matthews - perjurer and strikebreaking officer of Consumers' Research
- Harper Knowles - who attempted blackmailing of Labor Department.
- Alvin Halpern - convicted of grand larceny.
- Edwin P. Banta - Nazi propagandist and stoolpigeon.
- Sam Baron - Trotskyist stoolpigeon.
- John P. Frey - gave falsification and duplications of names.
- John J. Murphy - IRT stoolpigeon, fired for incompetence and held in insane ward of Bellevue Hospital.
- Jacob Spolansky - obtained money under false pretences and was finally fired from the Committee, Dec. 9th. (U.P. Dispatch, Detroit)
