JERSEY FASCISTS ORGANIZE

'American Union' Opens National Headquarters in Newark.

Special to THE NEW YORK TIMES.

NEWARK, N. J., March 13.—What is described as the national headquarters of the United States of America Union of Fascists was opened at 116 Hunterdon Street on March 4, it became known here today.

The headquarters is in charge of Gaetano Azone, field commander for the State, who said there are headquarters in several States, but at present no national commander. He said there were 500,000 members in the whole country.

Mr. Azone, who is 37 years old and lives at 297 Camden Street, says he served in the Italian Army in the World War and was active in fascism in Italy before coming to the United States eleven years ago. He declared his organization was in no way connected with Italian fascism.

Article 1 of the constitution declares it is an organization "of American citizens who believe in God and the American flag." A printed program calls for "winning power for fascism." While the constitution calls for a dictator, Mr. Azone declared this was contemplated only if Communist or other troubles should develop. A uniform featuring the American flag on the shirts is worn by the group.
