**German Culture League
Seeks to Shut Nazi Camp
Anti-Semitism To Be Attacked
at New Jersey Rally**

Special to the Herald Tribune

NEWARK, N. J., July 14.—The northern New Jersey branch of the German-American League for Culture, with headquarters here at 700 South Fourteenth Street, announced today that it would hold a democracy rally August 28 at Lake Musconetcong, Netcong-Stanhope, N. J., at which a program will be outlined for the protection of New Jersey school children from the influence of Nazi propaganda, alleged to be disseminated from Camp Nordland, Andover, N. J.

Seeking the support of the State Department of Education and of local school boards in ferreting out indications of anti-Semitism among high school and grammar school children and of other un-American principles as taught at the camp, the league has pledged itself to take all possible legal steps to effect the closing of the camp.

German-Americans who oppose the Nazi regime in Germany, its purported efforts to undermine democracy here and its doctrine of racial superiority will gather at the rally. They are expected to come from all parts of the metropolitan area. The league claims a membership of 7,000 in New Jersey.
