Henry Allen Scattering More Trash

Henry Allen, Number 1 Nazi psychopath, is at it again.

This week he went to a high window in three or four downtown office buildings and threw out another batch of anti-Jewish Nazi leaflets.

Thrown down simultaneously were handbills advertising James Rolph III and Judge Walter S. Gates, candidates in the primary elections Tuesday.

The printing on the leaflet is exactly like that on former Allen handbills, including the advertisement for the Nazi convention.

The message is only slightly different, being in typical Allen style. It asks for a boycott of the movies and says: "Hollywood is the Sodom and Gomorrha where international Jewry controls vice—dope—gambling where young Gentile girls are raped by Jewish producers, directors, casting directors who go unpunished, the Jewish Hollywood Anti-Nazi League controls Communism in the motion picture industry, stars, writers and artists are compelled to pay for Communist activities."

The leaflet carries a vulgar drawing. Stickers on which the same drawing was printed were found pasted on shop windows around town this week.
