BUND BLOSSOMS UNDER NEW NAME

Oct 12/38
**German-American Front
Will Try to Absorb
Older Organizations**

Special Dispatch to New York Post
UNION CITY, N. J., Oct. 12.—
Leaders of the German Nazi movement in New Jersey were engaged today in a new effort, under a new name, to capture control of the German-American organizations of the country.

The officers of the New Jersey division of the German-American Bund have incorporated the German-American Front, which is, like the Bund, pro-Nazi and anti-Semitic.

The leaders of the Front, it was learned, expect to make it a nationwide organization which will gradually supplant the Bund but will be directed by the present officers of the Bund. Under their new guise, the Nazis will attempt to do what the Bund was unable to do—absorb the long-established and democratic organizations of German-Americans.

Second Change in Name

This is the second time the German Nazi movement in the United States has changed its name.

Plans for the Front were discussed by Fritz Kuhn, national Bund leader, and heads of the New Jersey Bund at the meeting here two weeks ago when Kuhn was stoned by a mob. The Front held its first meeting here last night and elected the following officers:

August Klapprott (executive director of the New Jersey Bund), president; Bruno Koop of West New York, vice-president; John C. Fitting, Union City, secretary, and George Newport, Cliffside, treasurer.

After the meeting Fitting said the Front will be essentially an American organization, admitting only citizens to membership, and will oppose Communism and "a Jewish-controlled America."

The articles of incorporation say that the Front will defend the Constitution, promote good-will among nations, abstain from useless propaganda and "present to our fellow citizens the true picture of conditions in the land of our birth."
