### Political Unity Group Asks Nazi Boycott

REDWOOD CITY, Nov. 28.—The San Mateo County Federation of Political Unity has added its voice to the growing protest against Nazism and the Jewish and Catholic pogroms in Germany. The organization has declared itself in favor of a universal boycott of German-made goods. It was announced today.

The resolution passed at the regular Federation meeting declared the boycott was necessary to hasten the Nazi government's "inevitable collapse, with the consequent liberation of the German people, including the German Jews and Catholics."

Copies of the resolution were sent to President Roosevelt, Governor-elect Gilbert Olson, and the press.
