the morale of the people and sabotaging the war ef-fort of the nation. A few subversive newspapers and periodicals have been suppressed or barred from the mails. Among these are Coughlin's Social Justice, Court Asher's X-Ray, E. J. Garner's Publicity and William Dudley Pelley's The Galilean. But for every pro-Axis publication that has been put out of circulation, there are dozens which continue to serve Berlia, Rome and Tokyo by spreading treasonable and de-fective programda featist propaganda.

Śmith's Propaganda Efforts

The Cross and the Flag, published in Detroit, Michigan, by Fifth Columnist Gerald L. K. Smith (ex-Silver Shirter No. 3223), is an outstanding example of in Detroit. Silver Shirter No. 3223), is an outstanding example of the seditious publications which are being currently distributed in the United States. Probably not by coincidence, the first issue of this monthly magazine appeared simultaneously with the barring from the mails of Social Justice — in April of this year. The editorial policy of The Cross and The Flag is closely modeled on that which was pursued by Father Coughlin's pro-Axis paper, and every issue of Smith's magazine is filled with articles aimed at undermin-ing confidence in the war leadership of this nation. ing confidence in the war leadership of this nation,

arousing suspicion against America's allies and gen-erally sabotaging the U.S. war effort. Gerald L.K. Smith openly bids for the support of Christian-Front, German-American Bund and othof Christian-Front, German-American Bund and oth-er fifth column elements by declaring in his maga-zine, "I shall defend the right of free speech and free press for Father Charles E. Coughlin. The treatment that this minister of Christ is receiving at the hands of the blood-thirsty Reds (in Washington) is unbe-liebavle." Here are some other typical quotations from "The Cross and The Flag": "...we assert that even though America is at war we old-fashioned Americans do not propose to be city-slicked by boondoggling bureaucratic politicians. Communists, British im-perialists...We are talking about ruthtess political rackateers propagandists and character assassing who never hesitate to translate blood into ballots... Some of them are awfully close to the White House. "We don't like the idea of Harry Hopking being'so powerful that every high official has to siphon his ideas through this

"We know that a set of highbinders in Washington ore trying to sneak us back into the British Empire in the name of this so-called new world program . . . " (April issue of "The Cross and The Flag.")

In San Bernardino, California, the pro-Axis propagandist David Baxter is issuing a newsletter which attacks the war program of the U.S. Government, defends notorious fifth columnists and calls for "a quick, honorable end to the war." Baxter, who is head of a secret subversive group called Social Republic Society of America, recently sent this or-der to the "district memberships" of his organization:

"Do not neglect your arsenals. Buy arms and keep them in a place where they are readily accessible. No immediate emergency foreseen, but there is no time to prepare like now. Also keep a plentiful supply of ammunition and do not let it become over a year old or it will deteriorate."

In Lincoln, Nebraska, Charles W. Phillips con-tinues to publish his weekly anti-Semitic, pro-lascist newsletter, "The Individualist." In the June 19 is-sue of his publication, Phillips assails "salesmen for revolution," referring to Henry Wallace and to those who are in agreement with the content of the now famous address on U. S. war aims, which the Vice-President of the United States delivered on May 8 of this year.

May 8 of this year. In San Diego, California, C. Leon de Aryan, is regularly issuing his subversive newspaper..."The Broom." In Omaha, Nebraska, Charles B. Hudson continues to publish his weekly Hitlerite bulletin, "America In Danger"! In Atascadero, California, Williems Kulleron whose magazine "Begcon Light" America in Danger i in Adscadero, Cambina William Kullgren, whose magazine "Beacon Light" was recently suppressed because of its seditious content, is now bringing out a pro-Axis mimeo-graphed newsletter vigorously attacking the war effort of the Administration and containing typical-balance and containing typically Nazi, anti-Semitic propaganda. In Atlanta, Ga., the <u>Ku Klux Klan</u>still publishes its official organ, "The <u>Fiery Cross</u>." which pictures the war as "a big aid to the Communist program in the United States" and which seeks to disunite Americans by t pitting white against black and Gentile against Jew. (In addition to "The Fiery Cross," regular bul-Jew. (In addition to "The Fiery Cross," regular bul-letins are being issued in many states by local KKK chapters.) In Meriden, Connecticut, the monthly bulletin "The Malist — The Voice Of A Christian," defends Father Coughlin, demands the re-issuance of Social Justice, accuses President Roosevelt of "vi-olating the oath of his office," and describes the chief allies of the United States as "the scheming, deceitful British" and "the godless blood-thirsty Russians." In New York City, Lawrence Dennis, self-tyled ideologist of American Fascism and inti-mate of paid Axis agents, uses his "Weekly Foreign Letter" to promote the Axis propaganda lie that the Soviet Union is the only nation which will benefit Soviet Union is the only nation which will benefit from the war.

These are but a few of the seditious publications which are aiding the Axis powers by spread-ing propaganda sabotaging the war effort of the United States.
