

German Agents Contributed To War Debts Committee

German agents contributed funds to the Make Europe Pay War Debts Committee, and its successor, the Islands for War Debts Committee, of which the late Senator Lundeen was chairman, Special Assistant to the Attorney General William Power Maloney yesterday afternoon told Justice Jesse C. Adkins in District Court.

"Some sources of these funds were found to be none other than German agents," asserted Mr. Maloney.

This developed as the Government sought to require Prescott Dennett of the Columbia Press

Service, 1430 Rhode Island avenue N.W., described as secretary and treasurer of the two committees, to produce certain records.

After a hearing before Justice Adkins, at which all members of the grand jury were present, as well as Government attorneys, and Mr. Dennett and his counsel, H. A. Osterman, it was agreed that the records showing financial contributions to the committees would be turned over to the Government.

The Justice Department arranged to have an F. B. I. truck go out to Mr. Dennett's home and get all the records. Justice Adkins provided that Mr. Dennett should have access to them for his personal use at the department.

The District grand jury is con-

ducting an inquiry into alien activities.
