TALLAHASSEE, May 28.—(A.P.)—  
Speaker Christie today appointed  
three house members to serve with  
senators on a committee investigating  
communism, pacifism, bolshevism and  
other theories subversive to demo-  
cratic government charged to exist in  
the public schools.

He named Representatives Cooley  
of Lake, Crary of Martin and Kelly of  
Nassau to the committee.

The house and senate previously  
adopted a resolution authorizing an  
investigation of charges by legislators  
that subversive theories were discussed  
by children in the schools and  
colleges.
