

Women Enslaved!

It is a sad and terrible fact that in this country, in 1850, there were 250,000 women and children who were held in slavery. They were bought and sold like property, and their lives were a constant struggle for freedom and justice.

WOMEN

ENSLAVED!

The women of this country are held in slavery, and their lives are a constant struggle for freedom and justice. They are bought and sold like property, and their lives are a constant struggle for freedom and justice.

Women Enslaved!

The women of the United States have equality of opportunity before the law. In this country women may vote. They may hold public office. They may study for the professions. They may practice these professions. They are given equal opportunity with men to share in the responsibilities of citizenship and public service. This equality is the essence of Democracy, and has been made sacred by the law and custom of our country.

Today Adolf Hitler, the Fuehrer of Nazi Germany, by mandate and decree, has destroyed equal rights of women of Germany—an equality won after long struggle against injustice and tradition. By means of propaganda and organized action, Hitler is spreading in the United States and in the world a philosophy which seeks to degrade women to their status in the Middle Ages.

Hitler says: Women must not think.

Hitler says: Women must have no individuality.

Hitler says: Women must be the slaves of men.

Hitler says: Women must be the vassals of the State.

FOR THE GERMAN WOMAN THERE IS LITTLE DIGNITY,
HONOR OR RESPECT.

Hitler discharged women teachers as unfit to teach his future soldiers.

Hitler drove out women doctors as incompetent to treat his shock troopers.

Hitler disbarred women lawyers as unable to comprehend his kind of Nazi "justice."

Hitler admits that women are naturally merciful, humane and understanding. But there is no place for mercy, humanity or understanding in the Nazi Germany of Adolf Hitler.

Hitler says: Women are breeding machines. Their function is to provide cannon-fodder for Hitler in his mad drive to conquer the world.

To Hitler, women are nothing more than part of his Juggernaut of war—like tanks, trench mortars and guns.

Hitler is building a great army of hate and destruction and women are forced to aid him, subverting their finer instincts.

WOMEN MUST MARRY AND BEAR CHILDREN, Hitler says. He pays bonuses for children—not because he would "suffer the little children to come unto Him," but because in every child he sees a future soldier.

The sons of women are taken from their homes and molded into instruments of hate and terror.

The sons of women are made to look upon their mothers and sisters as they would look upon beasts of burden.

Every religion has glorified woman. Every civilization has protected woman.

Every real man has loved and honored his mother, his wife, his sister, his girl child.

ONLY IN HITLER'S GERMANY HAVE WOMEN BEEN THRUST BACK THOUSANDS OF YEARS.

This is the result of six years of Hitlerism in Nazi Germany. This is one of the aims of Hitler's propoganda in the United States and elsewhere in the world.

Shall the women of America be subjected to such tyranny as prevails under the Nazi system?

You say "it can't happen here." But suppose that Hitler's aim to destroy the Democracies of the world should be accomplished—this is what he is pledged to do!

Who would have said a year ago that Hitler would today be master of Europe?
