Dear Dr. Birkhead,

Enclosed is an excerpt from the Congressional Record March 16 of the year. I'm sending it on the chance it hasn't been called to your attention. Sorry I didn't notice it sooner.

These are very nasty, irresponsible boys who hide behind their immunity to slander and defame those who (thank God) don't agree with them and their particular brand of fascism. Actually they honor you. They have said much the same of the President and others.

Did you know that H. Ralph Burton, formerly Coughlin's Washington representative, is investigator for this House committee?

Keep up the good work. Now that we are at war more than ever the exposure of native fascists is of paramount importance.

Yours

Harold Weisberg
