

'BLOCK NAZI BUND VIOLENCE'-SENATOR

HARTFORD, Conn., March 9
—(UP)—State Sen. Albert L. Coles (D., Bridgeport), warned the legislature today that unless "un-American activities" were outlawed by the general assembly, "the German-American Bund will come into Connecticut by next Summer with rifles and uniforms and march on the streets inciting violence against a minority."

The German-American Bund, he declared, "is making Connecticut a field for cultivation in the United States," and he predicted violence would follow "if we don't do something about it."
