## Nazi Ecstasy In the United States

"BUND IN ECSTASIES  
OVER GOOD NEWS" <sup>OW</sup> 3/17/39

- So reads the report yesterday of Fritz Kuhn's rejoicing at Hitler's rape of another nation, Czechoslovakia.

Kuhn and his Hitler agents in New York see in the rape of Prague the promise of what they hope to achieve in the United States. A book popular among the Nazis in America is called "Unser Amerika"—Our America. It is the prophecy of Nazi conquest of America.

Like Henlein, the Hitler agent who prepared the death of Czechoslovakia from within, Fritz Kuhn also operates with the propaganda of "justice," hails George Washington as an 18th century Nazi, denounces all friends of democracy as "Jews" and deliberately incites civic disorder and national disunity.

Fritz Kuhn is the Henlein of the United States. America, take note.
