LOS ANGELES, March 23.—The Nazi preacher, Joseph Jeffers will plead guilty to the erotic morals charge against him, it was indicated today when he appeared in municipal court with his attorney seeking bail reduction from \$10,000 to \$7,500.

The reduction was granted by Judge Leo Freund after he had questioned Deputy District Attorney Edwin Myers on whether additional charges of arson and extortion against Jeffers were being investigated. Myers said he was still making investigations, but recommended the bail reduction because Jeffers said he would plead guilty.

Preliminary hearing was set for April 10.

Jeffers recently returned from his fourth trip to Germany. His Kingdom Temple is open to any anti-Catholic, anti-semitic, anti-Communist.

District Attorney Buron Fitts has announced that he has motion picture and dictagraph records of ex orgies indulged in at the apartment of Jeffers and his wife, Zela Joy Jeffers. The two were taken in a midnight raid on their apartment.
