

October 2, 1939.

Dear Dave:

We are sending to Mr. J. S. Robbins, Artic Cir. Exp., Inc.,
Candle, Alaska:

Gratis 1 copy Rescue the Rep.
1 copy Invisible Government (booklet)
1 copy Maj. Gen. Moseley Suppressed Speech (booklet)

Sending air mail letter to him, per your instruction, on
~~Barham~~ letterhead, signed by myself, as you will note -- you
can give the enclosed extra copy to the Doctor.

Your caution about reference to the Gentleman in mag. is
too late. Issue is in the mails and reference has been
made. Probably it will all work out okay -- tho' I see
your point. That was rather my viewpoint, too, tho' usually
what is done by the Gentleman in question turns out for the
best in the long run, and trust this does, too. Times are
changing and they have doubtless made the connection anyhow
and in the open may help rather than hurt. They are going
to have plenty to think about, with the war going sour on
them, and Germany simply cleaning the british and French
planes out of the skies as fast as they put them up there
to be shot at. They lost (the Allies) 12 land planes and
2 over North Sea yesterday, and that is figures given from
London, confirmed by Berlin, and Germany only lost two.
This war is an air war -- significant, too, because the
New Age we enter is the AIR AGE, officially known as such
to students of the spiritual forces back of these great world
changes.

I'm advised there will be something to go with this.

Was out in country yesterday and had a good visit.

Whatever happens next 30 days, keep your shirt on. I
have the possibilities charted, I think, and also have the
answers worked out as much as can be worked out in advance.
Sept. 26th ended 4th 17-wk. period. Add 34 days and we get
Oct. 30th. Something should break about that time.

Thanks for information about our CCC boy friend. Boy, would
I like to get at him! The rat... However, our day in court
will come some day and vermin like him will be called to
account. What a swell guy our erstwhile attorney turned
out to be! No wonder he was sunk and could not break away.

Best wishes.

Sincerely,

Ramy
