

April 25, 1939.

Dear Dave:

We are still on limited rations and AMH has her hands full keeping the feed bag on members of the family.

If possible, I'll get a little something to go into this letter, but it won't be much, I'm afraid, if anything.

Thanks for regular reports. The <sup>Apr.</sup> 24th report received today noon, regular time.

Will be glad to get lowdown on Admiral Bloch, but did not expect you to spend so much time on it -- but do appreciate your effort. Maybe it is IMPORTANT. If he is a Jew, and it is a fact, that will be duck soup for an expose. Some gentlemen on the Hill would like to know that, I'll bet, and it might crack loose some nasty stuff, indeed.

Yours,

R/B
