**... THE FIFTH COLUMN**

Hallelujah Chorus as sung by that sterling representative of U. S. Democracy, (The Hon.) Rep. J. Thorkelson, Republican, Montana:

"Genl Moseley is indeed a staunch American and so recognized in the U. S. Army in which he served with distinction. His clarification of an issue before the Dies Committee again entitles him to further national distinction for his service to the nation. . . . The capitalistic barons who are financing the Red activities in the U. S. may believe that their agents have a stranglehold on American labor, but they might find themselves mistaken. . . . The plan to Sovietize the United States should be clear to everyone, for it is now coming to the front in its true light. . . . When anyone speaks on the constitutional rights of the people and opposes communism, one of the wailing prophets sticks out his head and shouts "Nazi!" etc., etc.
