Silvershirts Hoard Food ³ In Readiness for Siege Foretold by Pyramids

Symbols on Walls at Gizah, Supposedly Warning of Danger, Cause Run on **Canned Sardines**

Mysticism is typical of all secret organizations. Members of the Silvershirts and the affiliated "Christian Party" have distorted the legend of the pyramids in predicting an uprising of the "communists" this year. Some say September 16 is the day set. Others believe and say it will be "some time" this year. In this third of The Journal's series on the activities, the strange beliefs and the incredible credo of the "Christian Party," some of the mysticism which is whispered in meetings is disclosed.

By Arnold Sevareid

The Pyramids of Gizah have forecast dark events for September 16.

In the walls of the "pyramid" are graven the symbols which foretell the epochal doings of that day.

It can mean nothing else than the seizure of the world by the Jews, a seizure that has been planned since Solomon's time.

So believe members of Minneapolis' newest "Fascist" organization the Silvershirts. This story is part of the anti-Semitic poison being spread every day in Minnesota by William Dudley Pelley's "Silver Legion."

September 16 is next Wednesday. It is a Jewish holiday.

Pyramids Given Credit for Forecasting Beginning and End of European War

Ludicrous as it may sound, a member of the "Christian Party" affiliated with the Silvershirts, told me this story in deadly earnest.

Which of the pyramids in the Gizah group bear the "revelations" he did not say. (There are three and the Sphinx in the shifting sands of the Sahara).

Not only have the pyramids made this "forecast" but they also fore-cast the beginning of the World war—to the very day, and the Armistice—to the very day; not to mention the present depression, de-clared my informant.

Will Stay Home On "Fateful Day"

"Oh, we've known for a long time," he confided, "that the Jews are plotting to seize the United States government. They want to run the whole world and tell us what to do. Just look at Russia— the Jews certainly got Russia, didn't they?" * "Yes, sir. September 16 is the day. You want to watch out. We've

Il got orders to stay home and way from windows." There must have been doubt in ty expression, for he shook his ead, with a compassionate smile,

ad, with a compassionate smile, s though patient with my dullness. "Come with me." We went into his kitchen. He pened a cupboard door. Canned reat, sardines and vegetables were illed high, shelf on shelf.

Sanned Goods Hoarded n Case of Siege

"I Case of Siege "I'm ready for the siege. We ave enough food to last me and ay little wife for two weeks." He brodded me with a forfinger, and vith the tone of a martyr said: "If they come in here, I won't of-er any resistance. They can sack nd burn. But if they touch my vife—why I am prepared to die." In silence we went back to the hispered talk of the Silvershirts in he old man's living room. Then I went out to get some resh air. resh air.

Silvershirts and Christian party fembers are so confident that the 'Jewish plot" really exists that they yen have a plan in theory, to over-hrow it. It is Pelley's "counter-vevolution" that Silvershirts preach.

?elley Is Coming "Savior of Nation"

To his followers-supposedly 6,000 To his followers—supposedly 6,000 n Minnesota—Pelley is the coming sviour for the nation. They be-ieve he is the man to do in \merica what Hitler has done in bermany. This ridiculous "Jewish plot" has

the state of the several times. A quavering note comes into voices of the Silvershirts when they tell t. It seems to be the chief stock on which they sell their fascist or-

ranization.

In the home of the state chair-nan the other day I saw the mem-vership application book. The top lank was numbered 285490. The chairman explained the fig-

The chairman explained the fig-re like this: The 28 stood for Minnesota, the wenty-eighth state. The 5 stood for he fifth congressional district and he 490 stood for the number of nembers in the district. "Because of the political situation 'ere," he told me, "we must or-anize very quietly." Therefore, the so-called "councils f safety."

Therefore, the so-called "councils f safety." Each "council" is presumed to onsist of nine individuals, known o one another. Each member has us own council of eight others. Thus no one member can know nore than a very few others, ex-cept in the case of the real leaders. It is a technique old in the his-ory of revolutionary societies. ory of revolutionary societies.
