their voices to the protest against labor-baiting and proposed anti-labor legislation.

Edward Arnold, screen favorite of many hit films; Lillian Hellman, well-known playwright and scenarist, and Gale Sondergaard, Academy award winner for her film acting, will represent Hollywood, which is becoming known all over the country as "a union town."

Dorothy Parker, poet and screen writer, will preside as chairman.

Bund, Silver Shirt Leader Henry Allen Makes Alliance

A dangerous alliance between the Townsend old age pension movement and Nazi organizations, including the German-American Bund and the Silver Shirts, was disclosed this week.

The union came to light when it was discovered that Henry Allen, of 2860 Nina street, Pasadena, a known Fascist, who has been arrested several times for distributing anti-Semitic literature, was scheduled to speak before Townsend Club 31 in Pasadena Tuesday night.

The meeting was held in a public school, the Emerson school at Colorado and San Gabriel boulevard.

Questioned over the telephone about Allen, W. E. Trostle, president of Club 31, made the following statements, in the hearing of a witness:

Henry Allen is an active member of the Townsend movement and "wants to get his people with the Townsend forces."

Allen has held important conferences with George C. Higgins, attorney and member of the Townsend speakers' bureau, about the alliance. (Higgins' office is at 321 West Third Street.)

Townsend members will not give up their movement but want Allen to bring his followers over.

Know Who Allen Is

Who Allen is and what he stands for is thoroughly understood by Trostle, who told these things about him:

He believes Jews are responsible for the failure of the Townsend movement, and for bad conditions in general.

He has been associated with William Dudley Pelley in the Fascist Silver Shirts.

He is a fine gentleman and a man of conviction who has proved his worth by speaking for Martin Luther Thomas.

The meeting Tuesday night was exactly like a meeting at the Deutches Haus in Los Angeles.

Mrs. Allen Passes Leaflets

Before it opened, Mrs. Allen distributed the leaflets that have been thrown down from buildings in Los Angeles and Hollywood, captioned "Jews! Jews! Jews! Jews everywhere!"

(Allen himself had distributed the leaflets previously in Lamanda Park.)

Allen's talk, on "Hidden Forces Behind the Townsend Movement in Pasadena," was an open incitation against President Roosevelt and a call for Fascism in America.

"Put white men into office or the Spanish debacle will be re-enacted here at home. We do not want foreign Fascism. We want to move in with 100 per cent American Fascism," Allen ranted.

"Roosevelt betrayed the white race by boycotting Germany and Italy. We must drive out Franklin Red Roosevelt and the Jews. Out with these Jews who are being freely admitted into this country by Madame Perkinsky and Red Roosevelt.

Incites Old People

"An alien power connived to defeat the Townsend plan. Jews are responsible for having Dr. Townsend put in jail. Hull gave our foreign markets to the foreign Jews.

"Progress has not been made against Communism because it has not been fought as a Jewish scheme".

More significant than what Allen said was the fact that his audience

permitted him to say it. They applauded and when he had finished raised their hands in agreement, at the suggestion of the chairman.

Local Townsend headquarters, officially known as Townsend National Recovery Plan, Inc., located in the Spring Arcade Building, claim to have 165 active clubs in Los Angeles, 1200 in California, some kind of organization in every Congressional District in the United States, and a working crew of one to two million persons all over the country.
