# NAZI SPIES IN AMERICA

By Leon G. Turrour

The thrilling first-person story of the F.B.I.'s ace investigator who "busted" the Nazi spy ring in America.

18 Germans were indicted for conspiracy against the U. S. Government. Only 4 were ever brought to trial! Why?

Fritz Kuhn, American Fuehrer, told the F.B.I. that there are only 8,299 Bund members. But in speeches he has boasted of 230,000! Turrour gives the facts—tells how in 15 American cities uniformed Storm Troopers meet regularly, drill, pledge loyalty to Hitler.

"These things are true. And of course they are dangerous. The business of spying is not finished, by any means!"—N. Y. TIMES.

"Will make your hair stand on end. More thrilling than fiction, and packed with information."—BOSTON TRAVELER.
