ROOM 348, THE ARCADE

CLEVELAND, OHIO  
RESOLUTION PASSED BY THE  
MAY 1932  
UNITED MOTHERS OF AMERICA

MARCH 31, 1942, AT THE PUBLIC HALL, CLEVELAND, OHIO.

WHEREAS - History shows that the pilgrims fled to America to escape the persecution and tyrannies of foreign rulers; that years later the colonists and pioneers pressed by unjust taxation, oppression and injustice, in their desperation rebelled and overthrew their oppressor's rule;

WHEREAS - The Founding Fathers of our Republic, from their experience and knowledge of the greed, hates and never-ceasing wars of the "Old World," decided to avoid ties with foreign powers and set up an Independent and Self-governing Nation;

WHEREAS - Today there is a sinister and treacherous movement (originated by British or pro-British interests), known as "Union-Now"; "Federal Union, Inc.", "Federation of Democracies", "United Nations of the World", etc., which under the subterfuge and hypocrisy of offering peace, security and access to all world raw resources to all participating members, has as its principal, if not sole objective and purpose the swindling of the United States of its Sovereignty thru involvement in a Super-government, eventually controlled by Great Britain's concealed interests.

WHEREAS - Frederick L. Schuman, Dept. of Government, Williams College, Williamstown, Penn., at a "Union-Now" luncheon, New York City, Feb. 11, 1942, bares the plot of the schemers, in his statements:

"The first world war was for the League of Nations. We lost it. This war is for World Government. We have already lost the war-- we have about two months to win the peace; If we do not put a World Government over we will lose the peace";

WHEREAS - Circumvention of the Constitutional Rights and Bill of Rights thru the process of changing the status of Civilians over to that of Military under "Total Conscription"; thru such bills as "Military Secrets", etc., are but a connivance to "silence" American opposition to the outrageous plot of the "World-Government" to rob the United States of its hard-won Sovereignty, Constitution, and Flag;

THEREFORE BE IT -

RESOLVED - That all Congressmen and Senators and other Public Officials be informed of the true diabolical conspiracy and purposes of "World Government"; that all legislators be instructed to support Cong. Hoffman's HR No. 425 for a congressional investigation of the subversive organizations and leaders involved in plotting and financing the program for crucifying the U. S. Republic; that all bills and/or laws that in any way circumvent citizens' Constitutional Rights as normally exercised, be defeated and/or repealed, as the case may require; that all other investigating committees (Dies' group included) be wholeheartedly supported; that every Public Official that "refuses" to represent and defend the "Stars and Stripes", Our Republic, its Constitution, and our Christian Way of Life, be singled out for "RECALL" and effectively opposed at the polls throughout the Country.
