Five Leaders, Taken Into Custody and Released, Says Attorney General

By the Associated Press.

By the Associated Press. MEXICO, CITY, Feb. 19.—Attor-ney General Genaro Vazquez an-nounced today that a plot, which he said involved a leader of the Fascist "Gold Shirts," to overthrow the Mexican government with an armed rebellion had been thwarted.

Five leaders were taken into cus-today, the attorney general said, but were released by President Cardenas to signify his "confidence in the support of the Mexican people."

Amaro's Aide Is Named.

Among those named as chief con-spirators was Alfonso Garmendia Villafana, described as treasurer of the Gold Shirts, Mexican Fascist

group. Another was Abel R. Perez, secre-tary general and treasurer of the presidential campaign of Gen. Joaquin Amaro, former war minister in the cabinet of ex-President Plu-tarco Calles. More than 50 minor political lead-ers, public officials and army of-

ficers also were named by the at-torney general as being involved in the proposed rebellion.

The conspirators, Vazquez said, had organized an "action group" which was to strike swiftly in an effort to overturn the government in a coup d'etat rather than by a prolonged revolution.

Said to have been prepared by various army leaders, the revolution plan was described as calling for fast encirclement of the capital while small "combat units" fanned throughout the state of Mexico.

With the collapse of the capital and state, the conspirators appar-ently expected the rest of the re-public to fall into line, it was said.

Documents reported found in possession of those charged in the plot asserted there was a need for a rebellion and declared Mexico was under the rule of "clowns."

Various manifestoes attributed to the plotters attacked Cardenas' pro-gram of "socialistic education" and described his regime as one of "con-tinuous errors."
