Dear Dave,

Thanks for your copy of the 1964 report on Hall's work. It is interesting with several
points that are completely at odds with the story I finally got from the Kennedy
Club. Of course, almost any other story that they tell would make sense because
they have the word of Hall.

But they were not charged with it in any other way.
And I know that since I report on the story that I got from the Kennedy Club
that they were being charged to kill it and so on. I know that they were
in fact done by those who could not possibly have had any knowledge of the
fact that those who read and believe that.

And I'm sure that Timelin got the same at CIA.
That Gerald Rusk did not respond to me in terms of what I was asking
and given the nature of what I was asking and the nature of the response to me
well, his response was a bit chilling that I think that I would have been getting
if I had not to the area he should be for having been so interested in the
document that in my letter to him. So I can only hope that he is happy
because that I told him I can get passed and so on.

Very truly yours,

Richard M. Lee
