Dear Jeremy,

When someone was here who could retrieve my Littauer and Wilkinson file from the basement I copied ~~and~~ a few things and have them in my office. That the enclosed 7/16/68 NY Times obit ~~of~~ of Littauer reports that he was a "senior intelligence officer" during World War II by itself means no more than that I was in the OSS then.

It does not stand by itself, though. In addition to what I told you and sent you (pl) about E. Howard Hunt using that office as ^{his CIA} ~~his~~ cover ~~ddeess~~ I found a letter of which I'd forgotten to a man in publishing who told me that Littauer & Wilkinosn was a CIA agency.

That letter is dated in 1975.

I do not send a copy because I do not want to involve him in what is intended not to amount to anything anyway.

Sincerely,

Harold Weisberg
