Dear [Willard,

I am now in receipt today of [HMMA-32243] (paragraph 6) and [HMMA-32331] (paragraph 4 of the 13 June attachment). I note that these preceded your #1832 acknowledging the material handcarried by Dick on his way through. Although you undoubtedly had gone into this material by [ROWTON], we would appreciate some elaboration on the estimate of the validity of [LIRING/3]'s acquaintance with and story from Silvia.

I am taking advantage of the bearer's visit to get this to you soonest and will be following up with routine correspondence for the record. Obviously, we are still trying to fill out the whole story from any and all contributors.

Regards,

[*Tom*]
