

Criminal-Civil Rights records w E. Ross Buckley's letter of 4/26/76. It say Civil Rights "located the documents listed below which originated with, or were sent to, the Criminal Division." Why could not the Criminal Division search its own files?

C1 Hanes Sr. to Clark on representing Ray, 6/17/68. #95-100-473

C2 Vinson to Hanes, 6/25/68, response #95-100-473. Copies Canale Chrono, Records and Shapiro.

C3 7/31/68 Vinson to Gov. Buford Ellington

C4 7/31/68 Vinson to David Calcutt, "Ray is safely in the clutches of Tennessee Authorities." No file or copies indicated. Attachments not attached.

C5 8/2/68, Canale to Vinson responding to Vinson's 7/31, not here but apparently with some of the language in that to Ellington. Refers to talk of which no memo provided. In it Vinson referred to "the complete investigative file of the F.B.I." which he's asked Jensen for. NFO's Boyle "was unaware of any instructions regarding" this report. No file #.

C6 8/8/68 Vinson to Govs. Ellington and Warren Hearnes, Mo. on legal fees. #95-100-473.

C7 8/8/68 Ellington response to C3. #95-100-473.

C8 8/14/68 Vinson to Canale, hoping "the problem you mentioned has disappeared" and "assured by the FBI that all material relevant to your prosecution is being made available to you." Ref to C5, without making a record in DJ files of complaint against FBI. Corner bent over. Appears to have been written 8/13, #95-100-473. Copies Records, Chrono only.

C9 10/22/68 Vinson to Ellington re extradition costs. #95-100-473.

C10 11/4/68, Vinson to Michael Eugene, who wrote 10/29 announcing arrival in Washington 11/9 en route to trial. As with several of the letters referred to the Dresden one not included. Nor is any DJ file on Dresden or Eugene, unless 95-100-473 is extradition, in which even much of it has not been provided, as the transcripts attached in the letters to the ~~judges~~ governors.

C11 4/6/69 My letter to Carl Belcher, Chief, Gen. Crimes, Criminal, referring to his 3/26 to me, not provided. This has nothing at all to do with King, Ray or the extradition. It relates to my unresponded-to request for Warren Commission records on a real threat vs. BFK in which there had been an arrest, the Valle case. #95-100-473 plus another not ascertainable, aptly on C12

C12 3/31/69, me to Belcher asking for extradition papers. No copies response provided. If this is relevant then there is a large file, including a larger than Criminal's from Civil. #95-100-473 and partly visible upper right-hand corner, 71A 5??? with 59 underneath.

C13 7/11/68 Hanes telling Clark he represents Ray and asking no interviews except in his presence. No file nos. indicated.

C14 7/16/68, Vinson's response to C13 refuses request to accompany Ray. #95-100-473.

C15 7/31/68 memo Vinson to Hoover acknowledging Hoovers of 7/26, not provided. It appears to have a listing of evidence of which Canale may want to see some items, according to Vinson. Ccs to AG, Mr. Poretz. #144-72-662.

C16 7/31/76 Vinson to Canale forwarding copy unofficial Bow St. record. Says what C15 does not, that he has #formally" directed the FBI to turn evidence over to Canale. #95-100-473.

This is the entire batch. Calling it compliance is not even a joke. But if it represented that then it also refers to specific documents, some attachments, not provided. Some of these records have "Ray" written in upper right-hand corner, which can indicate that someone, perhaps Vinson, was keeping a separate file on Ray.
