

A common assassin with a dead President – Commander in Chief is an ugly experience since 1963.

The President went to Dallas knowing and protecting his November assassin Lee H. Oswald from prosecution for his April Crime "Attempted Assassination of the former General working at his desk in his Dallas home, 9:00 p.m. April 10."

The Kennedy protection included an early-morning, secret release of the prime suspect Lee H. Oswald, from Dallas Police Custody on Kennedy orders, April 11.

The President did not live to know that he knew his assassin but everyone else lived to know that he did and that his assassin could not be prosecuted for the November Crime because of his Kennedy protection from prosecution for his April Crime.

The law does not provide for protection and prosecution at the same time.

Only by the election of a new government could the protection be eliminated.

The common assassin was dead within forty-eight hours, Friday to Sunday.

Re: Attempted assassination of
General Edwin A. Walker, Dallas, Texas.

Dear Chief Curry:

The following information was developed by this Service relative to the attempted assassination of Retired General Edwin A. Walker, in Dallas, Texas, on April 10, 1963.

On December 2, 1963, there was received from the Irving Police Department, Irving, Texas, some belongings of Mrs. Marina Oswald which had been brought to the Police Station by Mrs. Ruth Paine with whom Mrs. Marina Oswald had been living. When these articles were examined in the Secret Service Office there was found in a book a note written in very poor Russian which was in the handwriting of Lee Harvey Oswald and which apparently was instructions to his wife what she should do in the event that he should be alive and taken as a prisoner.

On December 3, 1963 Mrs. Marina Oswald was questioned about this note by one of our special agents who speaks Russian and she stated that this note had nothing to do with the assassination of President Kennedy and that the note was written by her husband prior to his attempted assassination of former General Walker, whom she classified as the head of the Fascist Organization in the United States and who lived in Dallas, Texas, when they, the Oswalds, lived on Neely Street in Dallas; that the note, together with a Post Office key was left on a dresser of their bedroom and after reading the note she was afraid that her husband was planning on doing something dreadful due to his hate for the Fascist Organizations and their beliefs. She also stated that when her husband returned home late that night he was very nervous and finally told her that he shot Walker with his rifle and that it was best for everybody that he got rid of him.

Mrs. Oswald further stated that when it was learned the next day from radios and newspapers that the rifle shot fired by an unknown person had missed Walker that she decided to keep the note as a threat against her husband so that he would not mistreat her again (it was determined that when the Oswalds lived on Neely Street that people living downstairs beneath the Oswalds had complained to the landlord about Oswald beating his wife) which he had promised not to do. She further commented that she did not report this matter to the Police as she loved her husband and particularly that she did not report it to the Police on account of their child. She stated,

however, that had the shot hit General Walker, that she would have reported the matter to the Police. She was apprehensive about this matter being reported to the Police because she had a fear of being taken in custody by the Police because the information contained in this letter regarding the General Walker incident and the rifle would show that she had not told the Police all she knew when she was shown and questioned about the rifle that was used to assassinate President Kennedy.

On Dec. 10, 1963, our Special Agent had an opportunity to question Mrs. Marina Oswald more in detail regarding the General Walker incident and she stated that Lee Harvey Oswald told her that once before taking the shot at General Walker on April 10, 1963, he had gone to the Walker residence for the same purpose but he had changed his mind as the place had not looked just right for him and that 3 days prior to April 10, 1963, he took his rifle out of the house and buried it in a field near Walker's house. Mrs. Oswald further stated that upon her husband's return to the house after he had tried to kill General Walker and telling her about it that 3 days later she saw him taking his military green raincoat for the purpose of wrapping the rifle and bringing it home. However, she stated that when he returned home she did not see the rifle but several days later she saw the rifle on a shelf in the apartment where he always kept it. She also stated that the evening her husband shot at Walker he told her that the church which is located near the Walker house had some gathering; that there was plenty of noise and that after the shooting of Walker he buried the rifle in the same place.

Mrs. Marina Oswald further stated that Lee Harvey Oswald told her after reading in newspapers that some young man saw an automobile containing three men pulling away from the scene of the shooting; that the Americans always think they should have a car to get away from the scene of the crime but that he had rather use his feet to do so rather than a car, and he stated that he had taken a bus to go to the Walker residence and that he took a different bus to return home after the shooting.

Mrs. Marina Oswald was questioned as to how she was able to explain to her mother-in-law, Mrs. Marguerite Oswald, concerning the attempted assassination of General Walker by her husband, and she replied that she did to the best of her knowledge of the English language, and that no one else knew about the shooting at General Walker by her husband excepting her and her mother-in-law.

Very truly yours,

Forrest V. Sorrels,
Special Agent in Charge.

Subject: Interview Of Jack Ruby
By Forrest V. Sorrells

Sir:

At approximately 11:30 A.M., November 24, 1963 Chief J. E. Curry approached me just outside his office and instructed me to escort Mr. Forrest V. Sorrells to the Fifth Floor Jail for the purpose of Mr. Sorrells interviewing Mr. Jack Ruby about his shooting of Lee Harvey Oswald, accused assassin of President Kennedy.

I was present throughout the interview and overheard the following questions asked of Ruby by Mr. Sorrells. After Sorrells introduced himself as a Secret Service Agent he asked Ruby why he had shot Oswald. Ruby stated he had thought about this for two days and decided it was senseless to have a long and lengthy trial and subject Mrs. Kennedy to having to return to Dallas for it.

Mr. Sorrells asked Ruby if he knew Oswald and he said, "No, there is no acquaintance or connection between Oswald and myself."

Sorrells then questioned Ruby about his heritage and Ruby told him that his father was born in Russia and his mother was born in Poland.

Sorrells asked Ruby if he had thought or planned to kill Oswald and Ruby stated he first thought of killing him when he observed Oswald in the showup room two nights prior. He stated the thought came to him when he observed the sarcastic sneer on Oswald's face when he was on the showup stage. He stated that when he saw Oswald on that night he thought it would be ridiculous to have a trial for him when he knew the results would be the death penalty, since Oswald had killed the President and Officer Tippit.

Ruby also stated that he and his sister were very emotional people and that his sister had just gotten out of the hospital and she also was taking this hard, and that with the facts of the incidents already known to him was the motivation for his shooting Oswald. Ruby then stated some words to the effect, "I also want the world to know that Jews do have guts."

Ruby's answers and appearance throughout the interview appeared rational to me with the exception to tears in his eyes when he referred to President Kennedy.

This interview was conducted in the outside corridor of the jail cells on the fifth floor city jail approximately five to ten minutes after the shooting of Oswald.

REPORT ON OFFICER'S DUTIES IN REGARDS TO OSWALD'S MURDER

C. N. DHORITTY - #176

Sunday, November 24, 1963, about 9:30 AM, Capt. Fritz directed Dets. J. R. Leavelle, L. C. Graves and myself to go to the fifth floor jail and bring Lee Harvey Oswald to his office. We brought Oswald to Captain Fritz's office, where he was interrogated by Capt. Fritz, Mr. Kelly of the Secret Service, Mr. Sorrels of the Secret Service, and Mr. Holmes of the Postal Department. They talked to Oswald until about 11:10 AM. Chief Curry came into Capt. Fritz's office when the interrogation was going on. At the end of the interrogation, Capt. Fritz gave me the keys to his car, and told me to park it along the door from the jail office in the basement. I went to the basement and unlocked Capt. Fritz's car and proceeded to drive the car into the driveway. There was a plain black police car in front of me, and the officers who I could not recognize, drove this car up the ramp to Main Street exit. I was backing Capt. Fritz's car in front of the jail office, and was having trouble getting through the news reporters that had jammed the ramp driveway. While I was backing up, I was turned around in the seat looking back to keep from running over the reporters. Capt. Fritz came out of the jail door, followed by Det. J. R. Leavelle handcuffed to Oswald. Det. L. C. Graves was to Oswald's left. They were walking to the car while I was still moving the car back. Capt. Fritz opened the right rear door of the car I was driving, and I noticed a man move quickly across the right rear of the car. This man moved to Oswald and shot. I recognized this man as Jack Ruby, a man I had seen a few times before in previous years. When Ruby shot, Det. Graves grabbed the pistol Ruby had in his hand. The crowd of reporters closed in with the police officers, and I jumped out of the car, and went into the jail office.

C. N. DHORITY - (Oswald Murder) - Page 2

The officers had Ruby, and Det. Leavelle was being unhandcuffed from Oswald. Capt. Fritz directed me to return to the basement and have the Supervisor Officer to obtain the names of everyone in the basement. I went to Capt. C. E. Talbert and gave him Capt. Fritz's message. I then moved Capt. Fritz's car out of the driveway where the ambulance could get to the jail office. When the ambulance came, I rode in the ambulance with Oswald to Parkland Hospital. I stayed at Parkland Hospital until Oswald was pronounced dead. Det. C. W. Brown and I went with Oswald's body to the morgue where we waited until Dr. Earl Rose made his preliminary pictures of the body prior to the autopsy. I turned over Oswald's clothing to Dr. Earl Rose, and returned to the Homicide Office in the City Hall approximately 5:30 PM. I stayed in the Homicide Office with Mr. Stewart and went through the property of Oswald. I made copies of letters and identification from Oswald's property for Mr. Stewart. I also made copies of all the affidavits that had been taken by the Homicide Office and Sheriff's Office for Mr. Sorrells of the Secret Service.

STATEMENT OF B. L. SENKEL, DETECTIVE
RE: PRESIDENT'S ASSASSINATION

Reported on duty at 9:00 AM, November 22, 1963, the Homicide and Robbery Office, Dallas Police Department, Room 317. Talked with my partner Det. F. M. Turner, also Dets. Sims and Boyd. Capt. J. W. Fritz advised Det. Turner and I would report to Deputy Chief Lumpkin for assignment. Det. Turner and I had been issued beige colored lapel pins for identification. These were issued by Deputy Chief Stevenson on November 21, 1963. Deputy Chief Stevenson also showed us a complete list of identification badges and pins that would be used by all officers and members of the press. I secured a typewritten list of these items of identification.

9:30 AM, November 22, 1963, checked with Deputy Chief Lumpkin's Office, was advised that Deputy Chief Lumpkin was out at that time. Det. Turner and I returned to our office, and at about 9:40 AM, November 22, 1963, I received a call that Deputy Chief Lumpkin had returned and would meet Turner and me in the City Hall basement parking lot in 10 minutes.

9:50 AM, November 22, 1963, Det. Turner and I met Deputy Chief Lumpkin and another man that was with him. I believe his name was Weidmeyer. The four of us drove to Love Field, arriving there around 10:30 AM. We drove the route that the motorcade would follow. Deputy Chief Lumpkin explained that we would be driving ahead of the motorcade about a half-mile. That we would look for any obstruction, or anything that might endanger the motorcade.

We waited at Love Field and saw both planes land. I saw the Presidential Party leave the plane. Deputy Chief Lumpkin told us there would be a Secret

B. L. SENKEL - Page 2

Service agent riding with us from Love Field. We left Love Field ahead of the motorcade. Deputy Chief Lumpkin driving, Det. Turner in front right seat. I was sitting in left rear seat, the Army Officer in center, and the Secret Service agent in right rear seat. Det. Turner checked radio contact with Chief Curry, who was leading the motorcade, and the dispatcher. We proceeded down the route to downtown, maintaining periodic checks by radio with Chief Curry. We turned off Main Street onto Houston Street, and I could see the motorcade at about Akard Street at this time. This was about 7 blocks behind us. We proceeded on Houston Street to Elm Street and then to the Stemmons Expressway. We were on Stemmons Expressway, nearing Oak Lawn Avenue when we learned of the shooting. The motorcade passed us on the service road near Oak Lawn Avenue. We followed the motorcade to Parkland Hospital. Saw the victims taken into the hospital. Left Parkland at about 12:45 PM, November 22, 1963. Had additional passenger, Forrest Sorrels, U. S. Secret Service. We proceeded to scene of the shooting. Arrived at the Texas School Book Depository, Houston and Elm Street, at about 12:50 PM, November 22, 1963. I met Deputy Sheriff Harry Weatherford at rear door. Weatherford and I entered building and proceeded to check building from ground floor upward. I got to the sixth floor about 1:10 PM. The empty shells were found at window about 1:15 PM. Capt. Fritz, Dets. Sims and Boyd were present at this time. Capt. Fritz advised me to take the employees that had been on the sixth floor to the City Hall for statements. Officer C. W. Brown stated he had a car and would drive me to City Hall. Brown and I left the Texas School Book Depository with witnesses William H. Shelly, Bonnie Ray Williams, and Danny Garcia Arce (See affidavits).

Officer Brown and I arrived at Room 317, City Hall, at about 1:50 PM, November 22, 1963. I was in process of taking an affidavit from Bonnie Ray Williams when the uniform officers brought in a white male that they said killed Officer Tippit. I later learned the arrested subject was Lee Harvey Oswald. Shelly, Williams and Arce told us that Oswald was an employee of the Texas School Book Depository. Officer C. W. Brown talked to Capt. Fritz in my presence and advised him of Oswald's arrest. I completed the taking of the affidavit from Williams. This was at about 2:30 PM, November 22, 1963.

Capt. Fritz advised Det. W. E. Potts and me to proceed to 1026 North Beckley and search the room occupied by one Lee Harvey Oswald. Lt. E. L. Cunningham went with Det. Potts and me to this address. We contacted Mrs. Earlene Roberts, the landlady, and Mrs. A. C. Johnson. Checked registration book and did not find name of Lee Harvey Oswald, or name Ridell. Mrs. Johnson stated they had 17 rooms with 16 occupied. This was 3:00 PM, November 22, 1963. I called Det. T. L. Baker at City Hall, and he advised that he was sending out a Search Warrant. While we were waiting for the Search Warrant, the television was on, and a picture of Lee Harvey Oswald was put on the screen. Mrs. Johnson and Mrs. Roberts recognized him as O. H. Lee, a tenant, and directed us to his room. There was no number on this room, just the designation O, This being a small room off the living room of this large rooming house. We found that Lee Harvey Oswald had rented the room on October 14, 1963, and used the name O. H. Lee and still had the room rented, paying \$8.00 per week. We waited until Justice of the Peace David L. Johnston, arrived with Det. Turner, and Det. H. M. Moore. The Search Warrant was shown to the owner of the house, and a search was made of the room occupied by Lee Oswald.

B. L. SENKEL - Page 4

There was a City of Dallas map found, a leather holster, an address book with the name of Lee Harvey Oswald in it, numerous letters with his name on them, clothes, shoes, shaving kit, a paper back book entitled, "A Study of the U. S. S. R. and Communism", a pair of binoculars, several pamphlets, and handbills for the "Fair Play for Cuba", Undesirable Discharge from Marine Corps for Lee Harvey Oswald. This property was all taken to Room 317, City Hall.

I was in the process of looking through this property in Room 317, City Hall at about 7:00 PM, November 22, 1963, when I was advised by Capt. J. W. Fritz to talk to Mrs. Marina Oswald, wife of Lee Harvey Oswald. I talked to her in the presence of Mrs. Ruth Paine in Room 316, City Hall. With Mrs. Paine as interpreter, I took an affidavit from Marina Oswald. Miss Mary Rattan was the Notary and was present when a Mr. J. A. Brourantus and Mrs. Ruth Paine translated the affidavit. Det. J. P. Adancik was also present. These persons, with the exception of Mary Rattan, were also present when the rifle found at the scene of the shooting was shown to Mrs. Marina Oswald. See her affidavit for her comments on the rifle.

On November 23, 1963 I talked to Mr. Joe Molina. See statement for information on him. He could not shed any light on Oswald's activity as he was not in close contact with Oswald during the day of November 22, 1963.

November 23, 1963 at 2:15 PM I was on stage in show up room when show up was held with #1 John Thurman Horn, #2 David Knapp, #3 Lee Harvey Oswald, #4 Daniel Lujan. I could not see into Assembly Room to see who was viewing the show up. I did recognise Det. J. R. Leavelle's voice, did not see him.

B. L. SENKEL - Page 5

November 24, 1963 I came on duty at 12:00 Noon. I was returning from church services when I heard on a news broadcast that Lee Harvey Oswald had been shot. This was at 11:30 AM. I took my family home and reported for duty at 12:00 Noon. I was present when Jack Ruby was taken to Capt. Frits's office at about 1:00 PM. I talked to Lts. Swain and Smart and listed property that they had taken from Jack Ruby's car. I went with Det. Turner and Lt. Swain and placed this property in Police Property Room. William F. Alexander of the Dallas District Attorney's office was also with us at the 1026 North Beckley address at time search warrant was executed.

Chief of Police

Sir:

I should like to submit the following report regarding the incident occurring in the basement on November 24, 1963.

On November 24, 1963, I was assigned to the basement of the City Hall at approximately 11:10 a.m. for the purpose of security in the transferring of Lee Harvey Oswald from the City Jail to the County Jail. I was stationed near the jail office door which exits onto the ramp leading in a northerly direction toward Main Street. Detective L. D. Miller was stationed to my immediate right and I was the second person from the door on the north side of the hallway which leads to the jail office door. I do not know who was on my left.

At approximately 11:25 a.m. Captain Fritz came out of the jail office door and asked if everything was all right, and I answered, "Yes sir." I do not know if he was speaking directly to me. Two Homicide detectives were holding onto the prisoner escorting him, and I recognized Detective Leavelle on the prisoner's left. Captain Fritz had proceeded past me and the two Homicide detectives with the prisoner had proceeded slightly past me. As the prisoner was even with me, I made a left face which caused me to be walking in a southeasterly direction. Just as I had taken about one or two steps in forming the barrier on the north side of the prisoner, a man jumped from somewhere slightly to my right and in front of me. I heard this man yell, "You rat son-of-a-bitch, you shot the President." I saw the man as he appeared to jump or lunge toward the prisoner. I saw a short barrel revolver and heard one shot. I attempted to grab this man by the right arm and could still see the revolver. But after I had gotten hold of this man's right arm, several more officers were also trying to subdue him. At this point, I was on the floor just outside the jail office and the man said, "I hope I killed the rat son-of-a-bitch." I do not know who took the gun from this man, but Detectives Archer, Chambers, Clardy, Waggoner, and some more officers took this man into the jail office and at the time he was on the floor and I recognized him as Jack Ruby. We placed my handcuffs on this man and Detectives Clardy, Archer, and Captain King, and I took this man directly to the fifth floor men's jail, after a preliminary search in the jail office.

On the fifth floor men's jail we instructed jailers to search this man and strip him leaving him clad in only his shorts. We also instructed the jailers to notify the jail doctor to come and examine this man.

Detectives Clardy, Archer, and I stayed with this prisoner from 11:25 a.m. until relieved by Homicide detectives at approximately 3:25 p.m. During the time we were with this man, he was interrogated by Mr. Sorrells of Secret Service and Mr. Hall of the F.B.I. He was contacted by an attorney, Mr. Tom Howard, and he was examined by Dr. Bieberdorf when we were relieved by Homicide officers.

Defend Dallas, Lawyer Urges

Dallas attorney David Witts told the Dallas Salesmanship Club Thursday that the city is being falsely accused throughout the world for a tragedy in which it had no guilt.

"As shocking as the tragic assassination itself is the use which has been made, whether by ignorance or by plan, to turn the murderous act of a Communist into a vicious complaint against Dallas and Texas," Mr. Witts said at a noon luncheon in the Dallas Athletic Club.

Mr. Witts charged that in all communications media a massive effort has been made to cover up the fact that the assassin was a Communist.

He told the group that when Lee Harvey Oswald defected to the Soviet Union he took with him such important military code and electronic secrets that the Marine Corps had to change its whole system of codes on the West Coast.

"The speed with which Oswald obtained a Russia visa, when it normally takes from 60 to 90 days, indicates the Soviets gave him special attention," the lawyer said. "He either had a visa while still on duty as a Marine or received one immediately, cutting through red tape."

Mr. Witts said that among other things that would indicate favored treatment by the Soviets for Oswald was his job in Minsk, where he could not possibly have lived on the income the Soviets claimed he did.

The Dallas attorney said Minsk was also the location of a Soviet assassins' school.

"And on that salary he traveled, enjoyed social life, met and married the relative of a Soviet intelligence agent, all fitting the pattern for espionage agents," the lawyer said.

Mr. Witts said that when Oswald "re-defected" back to this country the Soviets granted his visa and passports for his wife immediately and while the U.S. embassy paid for his trip, someone else paid for his wife's.

"Oswald received unusually special treatment by the Soviets and this would not have been done unless it was of some use to the Soviet intelligence service," Mr. Witts said.

He said the first news bulletin from Radio Moscow after the assassination was that the shots were fired by right-wing extremists.

"That was the party line and it has been amplified ever since by the Communists," he said.

What Is The FBI Reason For Stopping Training In Police Academy

Decision of the Federal Bureau of Investigation to drop out of the Dallas Police Department's training school program is interpreted by some high-ranking officers as a clean break between the two law agencies.

Police Chief Jesse Curry commented, when asked what course the department would take, "we will turn to our own personnel or other outside organizations for instructors."

The FBI has been aiding the Dallas police training program for more than 10 years. The sudden break was called, FBI official said, because of the department's work load.

However, it is no secret there has been a definite coolness of the FBI toward the police department following testimony of some officers before the Warren Commission studying the Kennedy shooting. These officers are quoted as saying the FBI knew Lee Harvey Oswald was "running a round loose and not under surveillance."

The FBI has denied the allegations of laxity. Prior to this thinly-veiled charge by the police officers that the FBI had not been on its toes, relations between the two groups were solid. The departments cooperated in all investigations to the fullest.

There is no evidence or hints that the FBI and police will not continue to work hand-in-glove in future law violations but this withdrawal from the training program is looked upon as the first step in what may be a major break between the groups.

Some observers feel this may be the first step in moving the FBI office out of Dallas into the new federal building that is going up in Fort Worth should this move take place, and as yet it has not been openly suggested as a possibility, it would be only the first of several other relocations of federal agencies now in Dallas to Democrat Jim Wright's ball-wick.

With Wright nursing hopes of support from Lyndon Johnson and Ralph Yarborough in a move to unseat Republican Senator Tower, such a move of several big agencies out of Dallas

might be considered an opportunity to enhance his posture as a political power.

But back to the FBI vs. Dallas Police Department break. Chief Curry apparently is unconcerned over the severance of relations. He is confident adequate and skilled instructors can be acquired for the next training program. The current training session will end June 26.

They left and then we took the elevator to the 4th floor. We stayed there awhile and then went on out. I see Oswald was there when I got to work this morning at 8 A.M. He fills orders and goes all over the building. I didn't see Oswald any more, that I remember, after I saw him at 8:00. I was in the group of Detectives under Captain Jones & Lt. Smart today 11-24-63 at about 11:30 A.M. or a little later. The group was to assist in keeping Press men & Photographers back while Capt. Fritz and his men brought Lee Harvey Oswald down from the City Jail to a waiting armored truck waiting at the top of the basement ramp. The Dallas Sheriff's Office was waiting with the armored truck to transfer Oswald to the County Sheriff's Office for Confinement. I was standing at the north west corner of the driveway opening in the basement approximately 26 ft. East of the Jail Office door. As Capt. Fritz came out of Jail door and came East toward the parking area in the basement he was followed closely by Lee Harvey Oswald with Detectives holding both arms & other Detectives immediately behind Oswald. As I saw Capt. Fritz and then looked at Oswald and Detectives holding & following him, they reached a point just past the corner where they would turn right to go up ramp approx. 75 ft to the waiting armored car. I was looking to the right back toward Jail Office & hall in front of the Jail Office. At this time I heard a loud noise like a gun firing or a firecracker. I never saw anyone as I was looking right & the sound was muffled as if it was a gun jammed close to someone & fired. As I looked back left six or eight Detectives or more grabbed a man & whistled him to the floor. I did not touch him as there was too many officers on him already. The officers carried the suspect back to the Jail Office. During this time I was watching press men & photographers to keep away any interference. I & most officers just stayed in immediate area & tried to keep anyone from leaving. I then went to Jail Office door & kept unauthorized people out & as I looked in I saw the group. Mostly laying on the floor being held by police. I guarded the Jail door until they took Oswald out to a waiting ambulance in this same basement driveway. I saw Oswald on the stretcher

At this time my partner was behind me and asked me something. I looked back at him and heard 3 shots. I ran in a northwest direction and scaled a fence towards where we thought the shots came from. Then someone said they thought the shots came from the old Texas Building. I immediately ran to the Texas Building and started looking inside. At this time Captain Fritz arrived and ordered all of the sixth floor sealed off and searched. I was working with Deputy S. Boone of the Sheriff's Department and helping in the search. We were in the northwest corner of the sixth floor when Deputy Boone and myself spotted the rifle about the same time. This rifle was a 7.65 Mauser bolt action equipped with a 4/18 scope, a thick leather brownish-black sling on it. The rifle was between some boxes near the stairway. The time the rifle was found was 1:22 pm. Captain Fritz took charge of the rifle and ejected one live round from the chamber. I then went back to the office after this.

I heard loud noise like a fire cracker or gun shots. I look around to see where the noise came from. I looked up and saw the barrel of a rifle sticking out of a window over my head about 5 or 6 stories up. While I was looking at the gun it was fired again. I looked back at Mr. Kennedy and he was slumping over. I got scared and ran from the location. While I was running I heard the gun fire two more times. I ran from Elm Street to Pacific Street on Houston. When I was about 100 yards from the building I stopped to get my breath and looked back at the building. I saw a w/m, 5'8" to 5'10", dark hair, average weight for height, dark shirt or jacket open down front, no hat, didn't have anything in hands, come out of the building and run in the opposite direction from me. I then caught a bus to my home.

I didn't know what had happened until I heard a woman scream that the President had been shot. While working on the sixth floor of the Texas School Book Depository the only people I saw all morning was Bill Shelly, Bonnie Ray Williams, Charles Douglas Givens, Billy Lovelady and Jack E. Dougherty. The only person I saw was a real old man, and he had on an old brown suit and a western type hat. I saw this man leave the building and drive off in an old black Buick. This man was not carrying anything in his hands when I saw him. This man was in the building after lunch. This man left in the car before the President was shot. I didn't see any other people in the building but this old man, other than the people that I named that worked there. There was another employee that I saw named Lee Oswald. He was on the first floor of the building when I saw him at 8:00 am. He is the same man I saw the police bring into the Homicide Bureau about 2:00 pm. I also saw him on the 5th floor as we were leaving for lunch at 11:50 am.

REPORT ON OFFICER'S DUTIES IN REGARDS TO THE PRESIDENT'S MURDER

K. L. ANDERTON - #1506

At about 12:00 noon on November 22, 1963, I was at my home at 709 Julia Lane, Garland, Texas, watching television. I saw a special news bulletin that the President of the United States had been shot during a motorcade in Dallas. I was on vacation from work on this day; however, I got ready to come back to work. I received a telephone call from Lt. Wells to come to work. When I got to work, Capt. Fritz had Lee Harvey Oswald and other people in his office.

My partner, J. P. Adamcik, was out with other detectives, so I stayed around the office to help transport Oswald through the hallway to the elevator, and to answer the telephones. I sat in Capt. Fritz's office with Detectives R. M. Sims and M. G. Hall with Lee Harvey Oswald for about an hour during the evening of November 22. While we were in the office with Oswald, we talked to him about his life in Russia. He talked freely about the living and working conditions in Russia, but would not talk about his family. I left the office for home between 1:30 AM and 2:00 AM, November 23, 1963.

I came to work at about 3:00 PM, November 23, 1963. At about 5:00 PM I took an affidavit of Fact from James Richard Worrell, Jr., w/m/20, 13510 Winterhaven, CH 7-2378, a student at Thomas Jefferson High School. James Worrell stated to me that at the time of the shooting of President J. F. Kennedy, he was watching the motorcade from the corner of Elm and Houston Streets. He said he was standing under the window where the shots were fired from and that he was looking at the rifle barrel when the second shot was fired. James Worrell said he got scared and ran down Houston Street to Pacific Street. When he stopped for breath, he stated he was on the North side of the Texas School Book Depository Building and he saw a man run out of the building in a southerly

K. L. ANDERTON - (President's Murder) - Page 2

direction. He said when he got home and saw pictures of Lee Harvey Oswald in the newspapers and on television, he recognized him as the man he saw run from the building.

I stayed in the office answering the telephone until I left for home at about 1:00 AM, November 24, 1963.

November 27, 1963

Mr. J. E. Curry
Chief of Police

Sir:

I would like to submit the following report regarding the incident occurring in the basement on November 24, 1963.

On the morning of November 24, 1963 while on duty in the Auto Theft Bureau, Lieutenant Smart advised me not to leave the City Hall as I was to be available when the prisoner was escorted from the City Jail. About 10:00 a.m. Lieutenant Smart advised me and the other officers in the bureau to report to the jail office. Upon arrival I took a position near the southwest corner near the driveway. A couple of minutes before the prisoner was brought down, I had looked over the crowd, and, at this time, I did not see Jack Ruby in the crowd. I have known Jack Ruby for eight to ten years, and if I had seen him I would have recognized him.

As word was heard that the subject was being brought down, I was watching the driveway to the basement and to the driveway to Commerce Street where the armored truck was. I saw a fast blur of movement out of the corner of my left eye, and, before I could turn, I heard a shot. As I turned I partly lost my footing and was bumped by people from both sides at the same time. Before I could get balanced, the subject, Jack Ruby, was under a pile of officers.

I helped others try to keep the press back until both the prisoner and Jack Ruby were taken inside the jail office. I then went to the jail office, and at that time Detective J.C. Watson was at the door keeping other people from entering. Detective McMillon, Detective Archer, Detective Blackie Harrison, and Lieutenant Smart, and another officer were holding Jack Ruby on the floor. I took Detective McMillon's gun and placed his gun and my gun in the locker. Then Detective McMillon, Detective Archer, Detective Blackie Harrison, and myself took Jack Ruby directly to the fifth floor where we searched him. Then I took the handcuffs off and gave them to Detective McMillon as they were his cuffs. We then stripped Jack Ruby to his skin and searched his clothing completely.

Lieutenant Baker of homicide had been contacted and requested that we stay with the prisoner until the arrival of officers from the Homicide Bureau. Detective Harrison had left after helping take the prisoner up. Detective McMillon, Detective Archer, and myself were with the prisoner. Mr. Sorells of the Secret Service came to the jail office and talked to him briefly and left. Then F.B.I. Agent Hall came up and talked to Jack Ruby for some time, probably two hours or better.

A jailer came back and told us that a lawyer was to see Jack Ruby and it had been okayed by the Homicide Bureau. I am not sure which jailer this was. We took the prisoner to the fourth floor, Detective Archer, Detective McMillon, F.B.I. Agent Hall, one of the jailers,

and myself. He talked to a lawyer for about two minutes. Before he was returned to the fifth floor, he was checked by a city doctor who was on duty at this time. We returned to the fifth floor and F. B. I. Agent Hall continued to question Ruby until Homicide Detective E. L. Boyd, Detective M. G. Hall, and Detective Montgomery arrived on the fifth floor at about 2:30 p.m. Along with the three Homicide officers and Agent Hall we escorted the prisoner to the Homicide Bureau.

Sir:

I should like to submit the following report of the events occurring in the basement on November 24, 1963.

I was in a group of detectives under Captain Jones and Lieutenant Smart on November 24, 1963, at about 11:30 a.m. or a little later. The group was to assist in keeping press men and photographers back while Captain Fritz and his men brought Lee Harvey Oswald down from the City Jail to an armored truck waiting at the top of the basement ramp. The Dallas Sheriff's Office was waiting with the armored truck to transfer Oswald to the County Sheriff's office for confinement.

I was standing at the northwest corner of the driveway opening in the basement approximately 26 feet east of the jail office door.

As Captain Fritz came out of the jail door and came east toward the parking area in the basement, he was followed closely by Lee Harvey Oswald with detectives holding both arms and other detectives immediately behind Oswald. As I saw Captain Fritz and then looked at Oswald and the detectives holding and following him, they reached a point just past the corner where they would turn right to go up the ramp approximately 75 feet to the waiting armored car.

I was looking to the right back toward the jail office and hall in front of the jail office. At this time I heard a loud noise like a gun firing or a firecracker. I never saw anyone as I was looking right and the sound was muffled as if it were a gun jammed close to someone and fired. As I looked back left, six or eight detectives or more grabbed a man and wrestled him to the floor. I did not touch him as there were too many officers on him already.

The officers carried the suspect back to the jail office. During this time I was watching press men and photographers to keep down any interference. I just stayed in the immediate area and tried to keep anyone from leaving. I then went to the jail office door and kept unauthorized persons out and, as I looked in, I saw the suspect clearly lying on the floor, being held by Police.

I guarded the jail door until they took Oswald out to a waiting ambulance in this same basement driveway. I saw

Oswald on the stretcher carried from the jail office to the waiting ambulance. I remained in the basement, and on orders from Captain Jones and Lieutenant Smart, checked everyone coming or going for the next one to two hours.

I never saw the suspect or the gun before the shot was fired, then the officers covered the suspect and took him to the jail office. I never saw the gun after it was fired, but tried to keep press and all back so the officers could handle the suspect and Oswald. This is all I know or saw.

Interview of J. C. Watson

Sir:

J. C. Watson was interviewed by Lieutenants C. C. Wallace and P. G. McCaghren at 3:30pm on November 29, 1963. The interview was essentially the same as his original report dated November 24, 1963. The following was added by J. C. Watson:

I have been asked if I know Jack Ruby. I have seen this person on one occasion at a club on Oak Lawn approximately 3 or 4 years ago. I do not know this man. I did not see him in the basement of the City Hall prior to the shooting. I only saw him after the shooting when there were detectives all around him.

I never saw the man Jack Ruby around the City Hall before.

I have no idea how Jack Ruby got into the City Hall basement.

I was interviewed by Federal Bureau of Investigation agent Scott at 7:30pm Wednesday night.

This wound goes inferior to the left nipple. Over the lateral aspect of the left arm, 16 inches from the top of the head is a $3/4 \times 3/8$ inch wound. It goes into the subcutaneous tissue. 18 inches from the top of the head over the lateral aspect anteriorly of the right arm there is a $1 \times \frac{1}{2}$ inch wound which goes into the subcutaneous tissue. $21 \frac{1}{2}$ inches from the top of the head originating slightly below the xiphoid running in the midline to above the pubis is a $10 \frac{1}{2}$ inch anterior midline wound closed by 5 wire sutures. Above

the medial malleolus on the right side there is a $1 \frac{3}{4}$ inch transverse cut-down incision. Cephalad to this is a transverse $1 \frac{3}{4}$ inch superficial transverse incised wound. Above the left medial malleolus there is a $1 \frac{1}{2}$ inch cut-down type of incised wound. To the left of the midline region of the second thoracic vertebra there is a very faint $\frac{3}{8}$ inch bluish discolored area. In the right antecubital fossa is a very tiny needle puncture type of wound surrounded by bluish discoloration. In the left antecubital fossa there are three small needle puncture type of wounds surrounded by bluish discoloration. The nails are examined. They are somewhat dirty although quite well cared for. No evidence of injury is noted. On the midportion dorsum of the left hand, there is a poorly defined pale white oblique $\frac{1}{2}$ inch scar. Over the volar aspect of the right wrist there is a transverse superficial $\frac{1}{4}$ inch abrasion. Volar aspect of the left wrist there is a transverse $1 \frac{3}{4}$ inch slightly raised white scar. Medial aspect of the right knee reddish very poorly defined $\frac{7}{8} \times \frac{1}{4}$ inch reddish discoloration. Over the left arm, below the deltoid there is a transverse $\frac{5}{8} \times \frac{3}{4}$ inch somewhat puckered and irregular scar. A few striae along the lateral aspect of the thighs. Some of the hair of the chest has been shaved. In addition, to the left of the midline there is a round poorly defined round impression on the skin, the diameter of which is 2 inches. Over the medial aspect mid-distal third of the left arm there is a $1 \frac{1}{2}$ inch vertical scar with cross hatching.

23 inches from the top of the head and $3 \frac{3}{8}$ inches to the left of the midline anteriorly and $10 \frac{3}{4}$ inches to the left of the midline posteriorly, over the lower aspect of the left chest there is an entrance type of wound which measures $\frac{1}{4} \times \frac{5}{16}$ inch in diameter. This is surrounded by a contusion ring, the total diameters of the contusion ring are $\frac{3}{8}$ of an inch.

22 inches from the top of the head and $9 \frac{3}{4}$ inches to the right of the midline anteriorly and $8 \frac{1}{2}$ inches to the right of the midline of the back there is a vertical 2×1 inch gapping wound. Posterior to this by $\frac{1}{2}$ inch there is a $\frac{3}{4} \times \frac{3}{8}$ inch irregular contused area.

INCISIONS: The standard "Y" thoracoabdominal and intercostoid incisions are utilized. Reflecting the skin there is found to be a wound between the fourth and fifth rib which extends through the soft tissue and measures 6 inches in length. This conforms to the wound on the left chest. The incision is continued through the abdominal wound as well as the thoracotomy wound to the left of the midline of the chest.

SERIOUS CAVITIES: Examination of the serous cavities is made. In the left pleural space approximately 175 cc. of blood. In the right pleural space there is in excess of 600 cc. of blood. In the peritoneal cavity there is in excess of 1000 cc. of blood with clot formation. In addition, there is massive retroperitoneal hemorrhage. The omentum adjacent to the transverse colon and stomach is hemorrhagic and irregularly torn.

The abdominal panniculus measures $1 \frac{3}{4}$ inches.

THE COURSE OF THE WOUND IS FOLLOWED. It is found to notch the undersurface of the seventh rib at the costochondral junction, this is surrounded by hemorrhage. In its course it notches the diaphragmatic attachment in this region, however, the left lung is not penetrated. The course is found to go from left to right and backward. In its course it is found to strike the anterior edge of the spleen and there is a cruciate laceration of the spleen measuring approximately 1.5×2 cm.

The missile is found to penetrate the stomach along the greater curvature of the body of the stomach, the penetration measuring 9 cm. It exits from the stomach along the posterior wall, lesser curvature, 2 cm. distal to the cardioesophageal junction. The penetration measures 8 cm. It pursues a course backwards and to the right slightly caudad to the calliac axis and there is extensive hemorrhage in this area. The anterior and right antero-lateral aspect of the aorta is torn with the superior mesenteric artery being severed. The right renal artery shows destruction and hemorrhage along the cephalad portion. The right renal vein is torn and the tear involves the inferior vena cava, the dorsal surface. It courses through the upper pole of the right kidney along the anterior surface causing a jagged and irregular laceration covering a distance of 5 x 2 cm. with penetration into the calyces. It becomes peritonealized in the hepatorenal pouch and there is a jagged and irregular laceration of the liver covering a distance of 9.5 x 2 x 2 cm. From the liver it penetrates the diaphragm posteriorly on the right side. It then passes adjacent to the lung in the pleural space and the right lung is not penetrated. The eleventh rib to the right of the midline is irregularly fractured and an exit type of wound in this region and in the soft tissue along the posterior axillary line right side there is an incised wound and fragmentation of the rib.

NECK ORGANS: The neck organs are examined. They are not remarkable. The hyoid is intact. No evidence of injury is noted. The thyroid gland is not remarkable grossly.

LUNGS: The trachea and bronchi are not remarkable. The right lung is quite well aerated. The left lung is atelectatic. The peribronchial tissue is not remarkable, however, there is hemorrhage in the posterior mediastinum.

HEART: Examination of the right atrium as well as the right ventricle and a pulmonary artery shows frothing bubbles. The epicardium is markedly congested with petechial hemorrhages, more marked over the left ventricular portion. The heart weighs 330 gm. There are a few subendocardial petechial hemorrhages. Along the anterior right ventricular surface there is a single suture. This is in the epicardial fat. The right ventricle measures 2 to 3 cm., the left 1.2 to 1.3 cm. The valvular circumferences are as follows: aortic valve - 7 cm., mitral valve - 10.5 cm., tricuspid valve - 11.5 cm., and pulmonary valve - 7 cm. The coronary ostia are in the normal location. The coronary arteries are examined in situ, found to be thin, delicate, of normal distribution and free of occlusions. There are left ventricular myocardial hemorrhages.

LIVER: The liver weighs 1260 gm. The penetration of the liver has previously been described.

GALLBLADDER & BILIARY TREE: Not remarkable.

PORTACAVAL SYSTEM: Examination of the portacaval system is made. There is frothing blood in the portacaval system. Extensive hemorrhage is noted to surround this, particularly in the region of the pancreas.

PANCREAS: The pancreas is surrounded by hemorrhage. The parenchyma of the pancreas is not penetrated and the ductal system is not remarkable.

SPLEEN: The spleen weighs 200 gm. The penetration of the spleen has previously been described.

DIAPHRAGM: The penetrations of the diaphragm have previously been described.

RETROPERITONEAL TISSUE: There is massive hemorrhage.

GREAT VESSELS: The penetration of the aorta has previously been described. The aorta is otherwise smooth and elastic. There is extensive periaortic hemorrhage which extends above the diaphragm in the posterior mediastinal tissue.

KIDNEYS: The kidneys weigh 450 gm. The destruction to the right kidney has previously been described. The capsule strips with slight difficulty. The cortical surfaces are smooth and pale. The corticomedullary junction is indistinct. The cortices measure 5 to 7 mm. There is hemorrhage into the parenchyma with destruction of the right kidney as previously described. The penetration of the calyces has also been described. About the pelvis of the right kidney there is extensive hemorrhage. The pelvis and ureters are otherwise not remarkable. The bladder contains bloody urine. The prostate is grossly not remarkable.

ADRENALS: The adrenals are both surrounded by hemorrhage, however, both are intact.

INTESTINAL TRACT: The small and large bowel are examined. They are free of penetrations. The appendix is identified. The large bowel contains some formed stool. The penetrations of the stomach have previously been described and there is blood in the stomach. The rugal pattern is not remarkable. The duodenum is not remarkable.

THYROID: The thyroid weighs approximately 15 gm., is quite fibrotic.

SCALP, ORBIT, CRANIAL CAVEITY & DURA: Not remarkable. No evidence of injury is noted.

SPINE: The brain weighs 1450 gm. The brain is symmetrical. The external surface of the brain is not remarkable. Configuration is normal. Multiple sections through the brain are taken and fail to reveal any abnormalities. The ventricular system is symmetrical. No abnormalities are encountered. The vascular system is not remarkable and the vessels are thin and delicate. The calvarium is not remarkable. The cervical vertebra and odontoid are not remarkable.

MICROSCOPIC:

Aorta: There is disruption with fresh hemorrhage. No inflammation or organization.

EXTERNAL EXAMINATION:

External examination reveals a well developed white male measuring 5 foot, 11 inches in length and weighing an estimated 175 to 180 pounds. The hair is black, slightly wavy, very slight frontal balding. The irides are blue, the pupils are equal at 5 mm. Rigor is not present. Very slight posterior mottled lividity and body heat is present. Oral hygiene is good. The neck is not remarkable. Hair distribution is normal, the penis is circumcised. Identification bands on the left wrist, right wrist and left ankle.

There are four entrance types of wounds. No. 1 is $4 \frac{3}{4}$ inches from the top of the head and $3 \frac{3}{4}$ inches to the right of the midline. This measures $\frac{3}{8} \times \frac{1}{4}$ inch and is surrounded by a contusion ring. No powder tattooing is noted at the margins.

Wound No. 2 is 17 inches from the top of the head on the right chest. It is 4 inches to the right of the midline, above and slightly medial to the right nipple. It measures $\frac{3}{8} \times \frac{1}{4}$ of an inch, surrounded by bruising. There is also a contusion ring.

Wound No. 3 is 21 inches from the top of the head, along the anterior lateral side of the right chest and is 6 inches to the right of the midline. This measures $\frac{5}{16} \times \frac{1}{4}$ of an inch and is surrounded by a contusion ring.

Wound No. 4 on the left chest is $20 \frac{1}{2}$ inches from the top of the head, $1 \frac{1}{2}$ inches to the left of the midline. The wound measures $\frac{3}{4} \times \frac{3}{8}$ of an inch, is transverse and surrounding this is a $\frac{1}{4} \times \frac{3}{4}$ inch abrasion.

There is tanning of the arms. On the left arm there is a tattoo being "Tippit". On the dorsum of the left hand there is a crusted abraded area measuring $\frac{1}{2} \times \frac{1}{2}$ inch and a fresh abraded area on the dorsum of the right hand which measures $\frac{1}{2} \times \frac{1}{2}$ inch. The nails are quite well cared for although slightly dirty. Scar above the left knee, runs in an oblique fashion, crosses to the medial aspect of the knee, terminates on the leg measuring 7 inches. Poorly defined $\frac{1}{2}$ inch inoculation type of scar on the left deltoid region.

$16 \frac{1}{2}$ inches from the top of the head, $\frac{3}{4}$ of an inch to the right of the midline of the back in the subcutaneous tissue a missile is recovered from this region. This is associated with the Wound No. 3.

INCISIONS: The standard "Y" thoracoabdominal and intermastoid incisions are utilized. Examination of the wound of the right temple is made. It is found to enter in the right middle cranial fossa, pursues a course which is slightly upward, backward and

to the left. There is fracturing about the entrance and extensive fractures as it strikes the left occipitoparietal bone. It is recovered in this region, 3 inches to the left of the midline and approximately 1 inch from the top of the head. Examination of the brain is made. The brain weighs 1350 gm. The course of the missile through the brain is followed. It is found to enter the right temporal lobe, coursed through the brain transecting the brain stem, covering the cerebral peduncles surrounded by extensive hemorrhage, and found to exit from the brain substance in the calcarine gyrus to the left of the midline. There are penetrations of the meninges in the regions described. Examination of the brain is otherwise not remarkable.

The abdominal gonoculus measures up to $7/8$ of an inch. The organs are in the normal position. Examination of the serous cavities is made. There is found to be extensive peritoneal hemorrhage, approximately 300 cc. In the right pleural space there is in excess of 1000 cc. of blood.

THE COURSES OF THE MISSILES ARE FOLLOWED. The wound described as No. 2 is found to go between the second and third rib. The missile is found to penetrate the anterior edge of the right upper lobe. The bullet is found to go into the pericardial sac, there is extensive hemorrhage in the pericardial sac, approximately 4 ounces. Passes through the superior vena cava. It exits into the mediastinum, strikes the fourth thoracic vertebra to the left of the midline, courses in the substance of the vertebra and is recovered slightly to the left of the vertebra approximately 16 inches from the top of the head, having pursued a course very slightly upward, to the left, and backwards.

Wound No. 3 is found to penetrate the chest wall as externally described, is surrounded by hemorrhage, notching the dorsum of the sixth rib slightly lateral to the costochondral junction. It penetrates the anterior edge of the right lower lobe of the lung, the diaphragm, penetrates the liver, the entrance wound to the liver and laceration which is approximately 3×2.5 cm. It pursues a course backward, upward, and to the left and is recovered from the soft tissue of the back, $16\frac{1}{2}$ inches from the top of the head and $3/4$ of an inch to the right of the midline. In its course it is also found to again penetrate the diaphragm after going through the liver and penetrates the posterior aspect of the right lower lobe.

Wound No. 4 is examined. It is found to be superficial and no penetration of the rib cage is noted. There is hemorrhage beneath the abraded and bruised area adjacent to the wound. No missiles are present in this area.

LUNGS: The lungs together weigh 1200 gm. The penetrations of the lung have previously been described. There are areas of atelectasis and along the courses of the bullet through the lung there is extensive hemorrhage.

LIVER: The liver weighs 1570 gm. The penetrations of the liver have previously been described. The cut surface of the liver is not remarkable.

GALLBLADDER & HILARY TREES: Not remarkable.

PORTACAVAL SYSTEM: Not remarkable.

KIDNEYS: The kidneys together weigh 350 gm. The capsule strips quite easily and they are pale.

ADRENALS: Not remarkable.

SPLEEN: The spleen weighs 100 gm. The capsule is smooth. The cut surface is not remarkable.

HEART: The heart weighs 320 gm. There is an epicardial ecchymosis, anterior surface, left ventricle. This is at the apex. The coronary arteries are opened in situ. They are found to be of good caliber, free of occlusions. The valves are not remarkable. The myocardium grossly is not remarkable.

PANCREAS: Not remarkable.

INTESTINAL TRACT: The stomach contains partially digested food, approximately 5 ounces. The duodenum is not remarkable. The small and large bowel are not remarkable. The appendix is present.

MUSCULO-SKELETAL SYSTEM: The musculo-skeletal system is not remarkable except for the previously described bullet injuries.

NEUROLOGICAL: Not remarkable.

MICROSCOPIC:

Brain: There is disruption of brain tissue with fresh hemorrhagic extravasations.

Liver: There is disruption with fresh hemorrhages. No inflammation or organization. Otherwise not remarkable.

Kidney: Non-contributory.

Pancreas: Non-contributory.

Lung: There is disruption of the parenchyma with fresh hemorrhages.
