

Dear Dick,

3/6/91

Thanks for phoning yesterday morning to see how we are. For us, we are OK, thanks, and Lil is looking forward to the radio broadcast of tomorrow afternoon's first Oriole pre-season game. As I also am. More for both because we can't go to movies, plays, lectures, concerts, etc. Baseball season will slow me down but it is relaxation and fun.

It is best not to phone me until after 9.30 a.m. I was home at 7:45 this a.m. but that's because I left for the walking at 6. It was about freezing but no wind and a nice morning with a beautiful sunrise so I walked in two parking lots, the first lit by store-fronts and the second at "my" mall.

I've finished going over my notes on the ~~HW~~ MURKIN sections and going over and marking for copying when "ela" returns a half-dozen sections that from my notes I should have. She'll begin with lots of xeroxing!

As I've indicated several times, the farther I got into it the more exciting the material got. Absolutely solid on all the things I mentioned to you only more than I'd indicated, I think.

I've even marked for copying a number of things that will permit legitimate ridiculing, Inspector Clouseau(?) / Pink Panther stuff.

I hope the cases you sit on during your jury duty are not boring and also not difficult to decide. The only ~~ix~~ times I was called it wasn't possible for me to serve and for years now I've been off the list.

After that is over and after you catch up I hope you'll find time to respond to a few of the questions I asked.

Our best fo you all,

Harold
