4/4/68 memo, 44-38861-327, C.L. McGowan to Rose., copies other top brass, based on 9:40 p.m. call from Memphis ASAC Cliff Halter, says what is not official story and may be incorrect but is worth noting anyway and because apparent errors, if with some basis, may be leads.

If ASAC means acting SAC, where was Jensen this fast?

Gives names hospital doctors who know of King's wounds.

Says deputy saw young white male throw package and keep running.

All evidence to be flown to Washington that night for lab examination. Compare with dates on lab papers we have gotten. Plans at about 12:30.

Bullet not yet recovered from corpse, it says.

"Assistant Director Conrad was advised and will arrange standby coverage for Laboratory examination." For lab work delayed up to 2 weeks?

Two suspects picked up by Memphis police. Never any other suspects? Names not masked.

4/5/68 addendum by RBL (Long?) Written before plane left Memphis. Jensen<sup>JEN JEN</sup> phoned 12:25. By 5:16 lab had begun to process "this material" from Memphis.

Throughout the names of publicly known lab personnel are masked. If not to be a nuisance to hide who did what and can be asked?

4/6/68 44-38861-329, A. Rosen to DeLoach says LHM for President, A.G. is attached. Not here. Mark before xeroxing re bullet, is "due to mutilation it cannot be stated that it was actually fired from this one rifle." 6(2)+7(0) claimed

Another marginal mark along what was not told Pres., AG.

Under "Action" there is early masking, not visible in xeroxing. Copies also to DAG and Civ. Rts.
