

4/9/68 Serial 628 B'ham teletype says that Galt "answered demand for box (B'ham bank rental) ...from Baton Rouge."

THIS IS NOT CONSISTENT WITH THE STORY THAT HE SENT THE KEY BACK IN OCTOBER WHEN HE WAS ON HIS WAY TO MEXICO. IT IS ENTIRELY INCONSISTENT WITH THE NARRATION OF ALLEGED EVIDENCE IN THE GUILTY PLEA HEARING. IT SAYS THAT RAY WAS IN BATON ROUGE IN AN UNDISCLOSED DATE IN DECEMBER, 1967 OR SENT HIS RESPONSE THERE. IT ALSO MEANS THAT MAIL WAS FORWARDED TO HIM SOMEHOW FROM B'HAM. THERE IS NO REFERENCE TO THIS LETTER IN WHAT WAS SENT TO THE LAB FOR FINGERPRINT CHECKS THAT I CAN RECALL. BUT IF IT PLACES RAY IN BATON ROUGE AT A TIME WE DID NOT KNOW OF - PLACES HIM THERE AT ALL - IT CAN BE QUITE SIGNIFICANT. It is not the only evidence I have of unreported travels.

4/9/68 Memphis teletype Serial 630, incomplete, states "check of the motels in Memphis and the surrounding area continues. ... some...reconvened in an effort to determine whether Galt may have stayed in different motels over a period of several days prior to the murder. ...Extensive investigation ...Oliver Rexall Drugstore, Whitehaven... purchase of a shaving kit...cash register receipts tapes ...(negative for April 3)... several transactions in this amount were discovered for April two..."

"Mr. Ralph Carpenter... furnished information from which an artist's conception has been prepared. Copies have been furnished the Bureau and..." Not given us. All we were given from the Memphis office was what it claimed came from B'ham, as I recall.

The significance of what precedes (Carpenter is that it is confirmation of what I learned, that the FBI knew Jimmy was at the DeSoto, which is near the drug store that was later sold. (the narration does not use the name "liver.") The FBI was rechecking those motels it had checked, so near that store was obvious. In addition, Jimmy was at the DeSoto before he checked in at the New Rebel the evening of 4/3, so this confirms his story that he was at the DeSoto 4/2 and when near there bought a shaving set. But this does not appear in any of the FBI records to date aside from the drug store stuff.

To this should be added what is of later date but appears in volume 4, that the FBI also knew where Jimmy bought his beer, south of the Rexall and very close to a motel it not only did check from my inquiries there but had to have checked from the foregoing.

Once it with some reasonableness placed Jimmy at three points in no more than that many miles two days before the assassination it has to have conducted an investigation that to this point in the Hq files does not show. And from this there has to have been what also does not show, interest in those prints other than Jimmy's where he was and on what he handled, like the safe box.

Remote on 628, 640 indicates there was no forwarding address left in B'ham and Superior Film letter returned to it. This raises questions about how Galt received notice from bank in Calif. in December.

4/11/68, Memphis summary teletype, p. 4, Walter Bailey made Lorraine records available. "Owner and all employees at Lorraine interviewed. None of them knew or saw anything pertinent." Not what Bailey says and not so. Were these reports forwarded? Here does not say they are.
