

*4/6 list how can we know of compliance?*

*21/17*

FBI-King Section Serial 2324 (volume all this serial) Atlanta report of 4/18/68

Page B of cover again says all "negative" results being withheld, kept in Atlanta and that this report is not being given to the USAttys in Birmingham or Memphis without Hq authorization.

14-15 May described by Mrs. Lucy Cayton is not Ray, but could there have been more than 1 man leaving the parking lot at Capitol Homes at the same time? This interview is of 4/11. On 4/16 she ID'd a picture. She says he was carrying a notebook.

17 So does Mrs. Earnest Payne (sic)

23 Mustang examined at FBI garage. Contents begin 25.

32-3 Report on tires does not report whether any had defect, slow leak, etc.

41 Ray got laundry not much after 9 a.m. 4/5, Piedmont, Atlanta. 42. She had a slip showing the deposit of laundry on 4/1, nine items. Ray says he was not there that day.

*omitted?*

47f Garner says Ray got there first on 4/5 in a black car. 48 he has Galt leaving for Michigan on 4/9 with Harold G. Anderson. Says they were gone morning 4/10. 53 He says he was confused and was really thinking ~~azba~~ about another man, William Lee, confusing him with Galt. 54 places date Galt's arrival 3/24/68. Found Galt's note saying when he came back from B'ham he'd get TV on 4/5 about 11 a.m. when he was going to change linens.

65 Search Ray's room, list of what was taken

109 Negative results from cab-company checks on pickup near Capitol Homes that day.

Partial map of Atlanta in appendix shows considerable distance between rooming house and Capitol Homes project, latter near an interstate highway. But the question remains why did he abandon the car there. This is magnified by the absence of any cab pickup and the lack of apparent reasonable explanation for going to Atlanta. The clothes he picked up cost less than the trip, unless he feared buying clothes anywhere.
