Dear Mr. McCreight,

Your letter of August 8 states that it is in response to Mr. Lesar's of last November 3.

Your letter also states that it accompanies seven Sections of FBIHQ MURKIN records that replace poor copies previously provided.

The first replacement copy is stated to be of Section 17.

The total number of enclosures is noted as seven.

There were seven sections. Instead of 17 there was what you do not list, 57.

I presume there was a typographic error of 17 instead of 57.

If the presumption is correct this letter will correct your records and mine.

Sincerely,

Harold Weisberg
