

*assassination*

There was a CBS King documentary in 1976-7, approx. I have the transcript. In it they aired film made about 4/17/68 of an interview with Charles Quitman Stephens. In it he is shown a "Galt" picture and he says it is not of the man he said he saw. What I want is this sequence, in full, from the transcript, with an identification of the transcript, date aired, etc.
