

Harold -

Enclosed is color photo from the book, Four Days, showing JFK necktie. You may keep this, cut it up as you wish, or do whatever you think is necessary. If you do not need it, or can use it on a temporary basis, then do eventually return it to me. Otherwise you can consider it yours, and I shall forget about it.

Also see Curry's book on pp. 24-27. The photo on p. 24 is excellent and may perhaps be available in color. If the picture suits you, and you would like a color copy, I suggest you try getting one from Curry or his publisher.

Denson, Destiny in Dallas, p. 1 has a picture that may be useful.

Still,

Dick
