

Dear Jim, 1996/Compliance/deliberate FBI stonewalling, Sheg's knowledge HW/26/76

In going over the larger batch Tanager provided you under date of 4/26/76 I've found a number of indications of withholding. I call one in particular to your attention. In my arbitrary numbering you'll find this on my list as CR1-6. It is the Canale 9/27/68 to Fellak.

Canale sends copies to Calrk and Hoover.

He addresses Hoover at 509 Old Post Office Bldg.

This was the Washington Field Office bldg. So there is a lead to where the relevant FBI files were stored.
